Said bonds may be issued in one or more series, as determined by the First Selectman, and the amount of bonds of each series to be issued shall be fixed by the First Selectman in the amount necessary to meet the Town's share of the cost of the Project determined after considering the estimated amount of the state and federal grants-in-aid of the Project, if any, or the actual amount thereof if this be ascertainable, and the anticipated times of the receipt of the proceeds thereof, provided that the total amount of bonds to be issued shall not be less than an amount which will provide funds sufficient with other funds available for such purpose to pay the principal of and the interest on all temporary borrowings in anticipation of the receipt of the proceeds of said bonds outstanding at the time of the issuance thereof, and to pay for the administrative, advertising, printing, legal and financing costs of issuing the bonds.
