12. HOLD HARMLESS CLAUSE
The successful responder(s) agrees to indemnify, hold harmless and defend the Town from and against any and all liability for loss, damage or expense which the Town may suffer or for which the Town may be held liable by reason of injury, including death, to any person or damage to any property arising out of or in any manner connected with the operations to be performed under an agreement with the Town, whether or not due in whole or in part of any act, omission or negligence of the Town or any of his representatives or employees.

13. WORK REGULATIONS AND STANDARDS
a. All work activities performed in association with this request must be performed and completed for the Town in accordance with current Federal, State and Local regulations and labor laws.

b. The responder shall certify that all equipment complies with all regulations and conditions stipulated under the Williams-Steiger Occupational Safety and Health Act of 1971, as amended.

c. The successful responder will further certify that all items furnished under this contract will conform to Federal and State of Connecticut OSHA standards. Arboriculture operations must be performed to comply with all American National Standards Institute ANSI 300 guidelines and the procedures and techniques of the International Society of Arboriculture ISA

14. PERFORMANCE AND TERMINATION – TIME IS OF THE ESSENCE
The type of service requested is essential for the day-to-day operation of Town facilities and Time is of the Essence. The selected firm shall perform this service consistent with good professional practice and in accordance with the standards and specifications set forth herein. In the event of unacceptable performance the Town shall be under no obligation to make payment and may terminate any contract award.

15. PERMITS
The selected firm shall obtain all necessary and required permits, if any, to comply with federal, state and local regulations, at their own expense.
16. **PAYMENT AND INVOICING**

Payment

a. Pruning- payment based on hourly crew rate
b. Tree Removals- payment based on hourly crew rate
c. Emergency – payment based on an hourly crew rate

Detailed invoices shall be submitted monthly for the actual work completed during the preceding monthly period.

a. The Town shall issue payment to the selected firm for work assigned solely for the rates submitted by that firm for the amounts specified in its response.
b. Payment terms are net (30) thirty days.
c. The Contractor shall submit with each invoice a monthly record of all tree work completed during the preceding month.
d. The contractor shall submit an ORIGINAL and one (1) copy of the invoice for payment to:
   Public Works Department – Parks Department
   366 Church Hill Road
   Trumbull, CT 06611

17. **CONFLICT OF INTEREST**

Public officials shall be prohibited from receiving any town work procured through a public Bid or bid waived process so as to avoid any appearance of impropriety or conflict of interest and Public officials cannot circumvent the intent of this ordinance by receiving town work through a bid waiver, as proscribed by the Trumbull Town Charter.

18. **NON-COLLUSION**

In submitting a Proposal, the responder declares that its Proposal is made without any connection with any persons making another Proposal or the same contract; that the Proposal is in all respects fair and without collusion, fraud or mental reservation; and that no official of the Town, or any person in the employ of the Town is directly or indirectly interested in said Proposal or in the supplies or work to which it relates, or in any portion of the profits thereof.

20. **ADENDUMS**

It is the responsibility of a responder to verify prior to final submittal of a Proposal if any addenda to this request have been issued. Any addenda to this request shall be posted on the Town of Trumbull website [www.trumbull-ct.gov](http://www.trumbull-ct.gov) under the Purchasing Department's section.
GENERAL REQUIREMENTS

a) The Town Purchasing Authority reserves the right to determine the qualifications of each responder and award the contract for the lowest qualified Proposal and/or to reject all Proposals. All Proposals shall be valid and are the property of the Town after opening.

b) The selected responder must be a tree expert licensed as an “arborist” by the State of Connecticut (Conn. General Statutes Sec. 23-61a). This license number must be current and shall be included with the response documents.

c) All work shall be initiated by the Parks and Recreation Department Designee which may be Tree Warden, Parks Superintendent or other designated employee of the Trumbull Parks and Recreation Department. The proposed work will be jointly inspected by a representative of the firm and the Parks and Recreation Department Designee.

d) From the inspection, a verbal authorization to proceed or purchase order shall be issued. Upon completion of the agreed to project, a final inspection will be made by the Trumbull Parks and Recreation Department Designee, and upon their approval, a Contractor invoice will be processed for payment.

e) All work to be performed relating to this request is on Town owned roads and properties. It will be the firm’s responsibility to maintain traffic control on all roads, at all times, as far as possible, especially school buses and emergency vehicles. Should it become necessary to close off completely, any section of these roads, sidewalks, and driveways, the firm must first obtain the approval of the Parks and Recreation Department Designee specifying the exact period of time and location of each closing. This provision will be waived under the circumstances where a fallen tree is obstructing traffic completely.

f) Traffic Control personnel, where required, shall be provided by Town personnel. In the event the town is unable to provide traffic control personnel the firm must provide traffic control signage and appropriately garbed flagmen in accordance with the most up to date Manual on Uniform Traffic Control Devices (U.S. Department of Transportation, Federal Highway Administration). If police traffic control is required costs will be borne by the Town.

h) The Town will accept at no cost to the Contractor, wood chips generated from tree work performed on Town owned right of ways and properties only.

i) All pricing relating to this request must remain in effect and firm fixed for the period commencing with the notification of award (March 2016) and for a period of Sixteen (16) months (June 30, 2017).

j) The period of engagement may be extended by mutual agreement in writing by the Town and the firm for and additional twelve (12) months (or portions thereof), but shall not to exceed twenty-four (24) additional months.
k) The selected firm is allowed to subcontract or assign this contract with written consent of the Purchasing Agent. Use of qualified subcontractors on page 13 to perform specific task covered under this bid will be permitted upon approval of the Parks & Rec Director / Supervisor for subcontractor and review of applicable insurance. All insurances of the applicable firm will remain in effect and all billing and disputes will be the responsibility of the selected firm. The Subcontractor will not bill/invoice the Town of Trumbull. The Town and selected firm/vendor will have a contractually agreement. Each selected Frim/ Vendor will be responsible for the subcontractor and to ensure the insurance meet all Town requirements.

l) The selected firm shall have its supervisor check with the Parks and Recreation Department designee to ascertain how the work is progressing at least twice daily (this is a non-billable item).

m) The selected firm must be on call 24 hours a day, 7 days a week, year round for Emergency Operations.

n) The selected firm’s vehicle shall be equipped with a cellular phone for communications with the Town.

o) The selected firm shall provide the Town with a reliable method for 24-hour emergency contact.

p) Response Time, Two (2) hour response time after contacted by Town for Emergency Operations.

q) In the event of severe weather, the Contractor must make a crew available for emergency tree work. A crew will be defined as: one bucket truck, one chip truck, one chipper, one crew chief, one climber, and at least one ground person. All equipment must be in good working condition. Contact by the Parks and Recreation Department will be based on local weather forecasts. Severe weather shall include but not limited to, hurricanes, snow and ice storms, thunderstorms or tornadoes. Any emergency work shall be billed on the hourly rate noted on the bid form for emergency work. Damages for not responding by above time limits will include any additional costs incurred by the Town.

r) Normal Work: One (1) day

s) Prequalification: The Town reserves the right to inspect all equipment of the firms it is considering to award this requirement prior to making awarding the required services.

1. TREE PRUNING SPECIFICATIONS:
   a) All work will be billed at an hourly rate for this service.

   b) Trees must be trimmed to create a well-maintained ornamental appearance whenever possible and must adhere to all American National Standards Institute (ANSI) A300 Standards and practices.

   c) Maximum tree trimming-crown reduction, pruning top and sides to lighten and balance, removing deadwood and crossed branches, and raising to legal height. This pruning is to provide for public safety and the general health of the trees. However, at no time should reduction exceed ¼ of the overall size of any tree unless specified by the Tree Warden, Superintendent of Parks or Parks and Recreation Department designee. The finished trees shall have a symmetrical and aesthetic form with the weight evenly distributed.

   d) In order to shorten the length of limbs, use the thin to lateral methods. Methods of pruning which may be called Topping, Heading Back, or Lions Tailing shall NOT be used.

   e) To lighten end weight where such overburden appears likely to cause breakage of limbs four inches (4") or more in diameter, the only pruning method to be used is drop crotch. Remove cross limbs and epicormic growth (suckers) as required. Pruners will be used to complete final trimming processes. Any exceptions will be at the discretion of Tree Warden or Superintendent of Parks. All trimming will be done in a manner which will not injure or scar the tree.

   f) Final pruning cuts shall be made without leaving a stub. They shall be made in a manner to favor the earliest covering of the wound by callus growth. This requires that the wound be as small as possible and the cut be reasonably flush outside the branch bark ridge area and that the cambium tissues at the edge of the cut be alive and health. Extreme flush cuts that produce large wounds and weaken the tree at the cut shall not be made.
g) Trees are to be pruned at various locations around Town. This work consists of safety pruning all dead wood and low branches on trees, removing major dead wood, diseased wood, stubs, and any weak leaders that may be considered dangerous.

h) The contractor must be able to evaluate tree conditions and hazards and will be responsible to inform the Town of any invasive insect species and pests i.e. Asian Long Horned Beetle, Winter Moth or Emerald Ash Borer encountered during any pruning or takedown operation.

i) When dead wood trimming, all dead branches one (1”) inch in diameter or greater at the trunk must be removed.

j) All trees with branches over a roadway shall be pruned to provide fifteen (15’) feet of clearance at the curb.

k) The pruning crew (minimum 3 men) will include a qualified English-speaking, experienced tree man ("crew chief") and at least one member with the ability (and the proper equipment) to climb the trees in order to accomplish the work. The contractor must have a bucket truck with a minimum working height of 70’ (seventy feet) from the bottom of the basket to the ground. The contractor will utilize equipment in good operating condition with adequate suitable equipment to perform the necessary operations. Equipment required may include a limb/brush chipper, a whole tree chipper capable of chipping logs up to 14 inches in diameter, and chip trucks. All equipment must be in good working order when reporting for work, with sharpened blades on all saws. While on an hourly rate no sharpening will be performed during the hours of operation. Vendor must provide sufficient extra sharpened blades. At times when the equipment is non-operable no payment will be made by the Town.

l) It is required that hourly crew work time be verified by the Town Tree Warden and/or a representative of the Parks and Recreation Department. The Contractor must insure that these persons are notified that the work is occurring.

m) The Town shall not pay for unverified or unapproved crew times.

2. TREE REMOVAL SPECIFICATIONS
   a) This work will be billed at an hourly rate.

   b) Due to the various considerations that must be taken into account with a tree removal / take down, including variations in overall canopy volume, potential secondary involvement with other trees or methods of removal due to proximity of structures etc; tree removal (take down) will billed at an hourly rate and will be on a case by case basis.

   c) The Contractor shall furnish all materials, equipment, tools, supplies, labor and transportation including fuel and power to perform all of the work necessary for the removal of trees designated during the life of the contract.

   d) Stumps must be flush cut to the ground.

   e) All grass and pavement areas are to be blown clean of all debris with a leaf blower.

   f) As much as is feasible, tree removal work will be scheduled for an eight (8) hour day between the hour of 7:30 a.m. and 4:00 p.m.

   g) The tree removal crew (minimum 3 men) will include a qualified English-speaking, experienced tree man ("crew chief") and at least one member with the ability (and the proper equipment) to climb the trees in order to accomplish the work. The contractor must have a bucket truck with a minimum working height of 70’ (seventy feet) from the bottom of the basket to the ground. The contractor will utilize equipment in good operating condition with adequate suitable equipment to perform the necessary operations. Equipment required may include a limb/brush chipper, a whole tree chipper capable of chipping logs up to 14 inches in diameter, and chip trucks. All equipment must be in good working order when reporting for work, with sharpened blades on all saws. While on an hourly rate no sharpening will be performed during the hours of operation. Vendor must provide sufficient extra sharpened blades. At times when the equipment is non-operable no payment will be made by the Town.
3. EMERGENCY CLEARING SERVICES

a) This work will be billed at an hourly rate

b) The Contractor will be responsible for the clearing of any tree or tree debris that present road obstructions as well as all identified aerial hazards over Town roadways during and immediately following an inclement or adverse weather events as part of “Make Safe” operations

c) All materials will be cut and put off the curb line in order to re-gain safe passage on public roadways as soon as possible.

d) The emergency services crew will include a qualified English-speaking, experienced tree man (“crew chief”).

e) The Town may require the Contractor to provide additional crews when deemed necessary to preserve public safety.
