REQUEST FOR PROPOSAL (RFP)
CHROMEBOOK, CART & MOUSE BID

BID NUMBER 6216  DUE:  FEBRUARY 9, 2017  2:00PM

STATEMENT, OVERVIEW, SCOPE OF WORK, REQUIREMENTS AND SPECIFICATIONS

Statement of Purpose:

It is the intention of the Trumbull Public Schools (TPS) to contract for products and services to purchase and install instructional Chromebooks and carts in four (4) locations within the district. The district is seeking more than a commodity vendor as the RFP is intended to incorporate the vendors' expertise in streamlining the ordering, delivery, cart installation and Chromebook setup. Only vendors with proven past performance with successful outcomes in similar initiatives will be considered. The TPS plans to reduce total cost of ownership by working with an experienced vendor committed to providing the best full-service solution.

School Locations:

Hillcrest Middle School
Madison Middle School
Booth Hill Elementary
Trumbull High School

Scope:

TPS seeks to contract with a single vendor for approximately 1,155 Chromebooks with mice and 38 carts. These Chromebooks, mice and carts will be delivered to four (4) different locations throughout the district. The vendor will be responsible for unpacking each Chromebook and mouse, installing them into appropriate cart along with their power adapters. This is considered in the industry as 'white glove service'. This service must be done at vendor's location and not at TPS. Price includes safe delivery of completed carts to each campus for simple inspection and locking with customer's supplied combination locks. The schools cannot accept multiple deliveries that require storage and configuration.

All administrative services and materials required to fulfill the scope of the project will be the responsibility of the selected vendor. All expenses related to labor, shipping/postage, travel, lodging, training, recycling and related costs where applicable shall be included in vendor's proposal. The TPS will not be responsible for costs outside the scope of work unless otherwise reviewed and approved by TPS in advance.

Vendors shall be responsible for requesting clarification from the TPS regarding any work, which the vendor believes may fall outside the scope of the project. Such requests for clarification, and any response, shall be made in writing and shall become a part of the vendor's proposal. Unless otherwise clearly indicated, the proposal submitted shall be interpreted to include work described in this RFP to be within the scope of the project.

Quantity: 1,155

Cart Specification:

Quantity: 38

Make & Model: Spectrum Cloud32

Description: Carts must be complete with power strips, charging management and accessories to fully support the secure storage and charging of the Chromebooks.

Installation:

Unpack and insert each Chromebook in designated cart. Attach inventory tags on each item. Provide an electronic copy of serial numbers associated with each cart (in Excel). Configure 38 carts with 30 devices in each.

Service/Support Requirements

1. Vendors must be able to deliver carts to locations and in quantities as specified by the TPS. The TPS will provide the vendor with a schedule of delivery. This includes inside delivery.

2. All products bid shall be newly manufactured. Remanufactured, rebuilt, or previously owned equipment will not be considered.

3. Vendors must include all ancillary costs associated with the acquisition of a product and services within their bid.

4. Vendors must state the length of time pricing will remain static. This date must not become active until the final contract is awarded.

5. The TPS reserves the right to request complete documentation for any item proposed. Failure to provide said documentation upon request may result in disqualification from an award.

6. Vendors cannot substitute any hardware components without prior approval from the TPS.

7. Vendor must supply three references with at least one being of similar equipment.

8. The vendor, if requested, must be prepared to present evidence of experience, ability, service facilities, factory authorization and financial standing necessary to meet satisfactorily the requirements set forth or implied in the bid.

9. Vendors must have the resources to complete the entire order within 45 days.
10. Vendor will provide the TPS with an inventory of equipment in an Excel spreadsheet; this will include Chromebook model #, serial number, location and status of installation.

Evaluation Criteria:

Each vendor's proposal will be evaluated. The TPS will judge the quality of each proposal based on (but not limited to) the following factors:

- **Vendor Experience and References – 20%**
  The vendor's financial status and stability, commitment to program, history, experience, etc.

- **Total Financial Cost – 35%**
  Total financial value of proposal including hardware, conditions, warranties, service and maintenance support, and any other value added options.

- **Systems Technical Conformance – 20%**
  The degree the proposed systems are deemed to meet the standard configurations, performance and quality.

- **Vendor Management and Support Services – 25%**
  The extent the proposal provides the management and support services necessary to successfully implement the project.
