

New to the Building Department Website

You can search our street cards to see what permits have been taken out for a particular property. The cards are filed by street and the permits recorded are listed by address. Our office records go back to 1971. This is helpful for home owners who wish to see what work was permitted at their home, for real estate agents to ensure accuracy of their listing information and title searchers doing municipal searches. You can request information via [email](#) about permits by providing the permit number(s) including any letters, the address and contact information. We will email you the status on the permits in question. If you require copies of these permits please come down to the office between 10 AM and 3 PM.

Copies can be made at any of the Town Hall public copiers. Copy fee is \$1.00 per page.

If you have any questions on how to use the website please email us [HERE](#).
