Recognition of Officer James Sota

Chief Lombardo gave an overview of a recent incident wherein Off. James Sota employed a LifeVac device to save a choking baby. He congratulated and thanked Officer Sota for his fine work.

State Representative David Rutigliano presented Off. Sota with a citation thanking him for his heroism.

Grievance 25-06 and Employment Separation

Floyd Dugas provided Commissioners with a handout and reviewed the timeline of Sgt. Hadden's attendance and duty status since his injury on February 20, 2024. He also went over Article 36, Section 9 of the collective bargaining

Special Police Commission Meeting Minutes

agreement (CBA) as it pertains to Sgt. Hadden's situation. Mr. Dugas gave the opinion that it is mandatory that Sgt. Hadden be separated from his employment as per the CBA.

Mr. Dugas asked Chief Lombardo to relay what occurred at his meeting of August 6, 2025 with Sgt. Hadden. Chief Lombardo said that Sgt. Hadden was advised that unless a doctor's note releasing him to full duty was provided, he (Chief Lombardo) would have no choice but to ask the Commission to separate Sgt. Hadden from his employment, as per Article 36, Section 9 of the CBA. On further questioning from Mr. Dugas, Chief Lombardo stated that Sgt. Hadden has not worked in the capacity of Patrol Sergeant since February 20, 2024. Chief Lombardo also said that the Police Department does not have any permanent light duty jobs. He also answered Mr. Dugas' question regarding overtime incurred, stating that some shifts were backfilled with overtime because of Sgt. Hadden's status.

Stephen Egan addressed the Commission, stating that the CBA does not take workers' comp or ADA laws into account. He pointed out that Sgt. Hadden has been working, although light duty, and he asked the Commission to give Sgt. Hadden another month to obtain a doctor's release to full duty.

Mr. Dugas argued against an extension, stating that the contract language is clear.

Michael Hillis, representing Sgt. Hadden, addressed the Commission. He stated that he disagrees with the Commission's interpretation of the CBA. He asked Chief Lombardo if Sgt. Hadden is filling a job slot. Chief stated that Sgt. Hadden is functioning in his position, but not at full capacity.

Mr. Hillis said that Sgt. Hadden's ADA claim requires a process, and he said that because Sgt. Hadden is willing to work, he should be accommodated. He noted that 90 days from the 18-month mark have not elapsed yet, and he mentioned that there is still an active workers' compensation claim. He said that Chief Lombardo could choose to create a light duty position. Mr. Hillis asked Chief Lombardo if there is any problem with Sgt. Hadden's work ethic or attitude, and Chief Lombardo said there is no problem. Mr. Hillis also asked Chief Lombardo if there have been any complaints about Sgt. Hadden from other officers, and Chief Lombardo replied that he is not aware of any such complaints.

October 23, 2025
Special Police Commission Meeting Minutes

Chairman Baldwin asked if ADA claims pertain to police departments, and Mr. Dugas replied that the law does not require the department to provide a permanent light duty position.

Mr. Hillis interjected that at least a temporary light duty offering should be made, pending the resolution of Sgt. Hadden's workers' compensation claim, and he asked the Commission to consider this.

Mr. Dugas read the grievance and said the Commission should make a decision.

Discussion and consideration of traffic impact of proposed 48-unit residential development at 2105 and 2125 Reservoir Avenue

Rob Librandi advised the Commission that 2105-2125 Reservoir Avenue, LLC will come before the Planning and Zoning Commission on November 19, 2025 regarding their proposed 48-unit apartment building at 2105 and 2125 Reservoir Avenue. Chairman Baldwin asked how many parking spaces were being proposed, and Mr. Librandi did not have the exact figure available. Vice Chairman Magliocco asked if there would be a sidewalk connecting Lindeman Drive to this property. Rob Librandi said that is an issue for the Planning and Zoning Commission, and they could choose to require a sidewalk.

Kermit Hua of KWH Enterprises, LLC presented his traffic study to the Commission. He stated that the site is projected to generate 19 and 24 vehicular trips during the respective weekday morning and weekday afternoon peak hours. He noted

November 18, 2025

that there will be one driveway in and out of the site. He also mentioned that the number of accidents in the area have been quite low, and he does not foresee this development causing traffic congestion.

Vice Chairman Magliocco suggested that the Planning and Zoning Commission consider requiring sidewalks.

Motion by Commissioner Trefz, seconded by Vice Chairman Magliocco to approve the proposed plan for a 48-unit apartment building at 2105 and 2125 Reservoir Avenue with a sidewalk requirement to be considered by Planning and Zoning. Discussion and consideration of traffic impact of proposed 150-unit residential development at 2135, 2145, and 2155 Reservoir Avenue

Vice Chairman Magliocco left the meeting room and recused himself from this agenda item. Luke Mauro of Solli Engineering representing Vessel Technologies presented his report for this proposed development. He provided data which concluded that the project would not have a significant impact on traffic in the area. He acknowledged concerns regarding the traffic impact of this development combined with other developments in the area, but

December 9, 2025

maintained that traffic will remain below the acceptable threshold for a two-lane road. He noted that concerns about the fire department's access to the property have been addressed, and he mentioned that he will also seek the required approval for the project from the State of Connecticut.

Motion by Commissioner Trefz, seconded by Commissioner Fonseca to approve the proposed 150-unit residential development at 2135, 2145, and 2155 Reservoir Avenue. There was no discussion, Chairman Baldwin, Commissioner Fonseca, and Commissioner Trefz voted in favor, Commissioner Magliocco abstained, and the motion carried.

Discussion and consideration of traffic impact of proposed pedestrian crossing between 4 and 9 Trefoil Drive

Vice Chairman Magliocco returned to the meeting. Brian Smith, representing Henkel Corporation, introduced Henkel Facilities Manager Steven Leeper. Mr. Leeper gave a summary of Henkel's business and expansion plans as they relate to Trefoil Drive. Kevin McCutchan of Tighe & Bond then presented the proposed plan noting that the crosswalk would be a raised structure with a flashing beacon. Vice Chairman Magliocco asked if the raised structure would hold up to time, given the fact that large buses and tractor trailers will travel over it, and Mr. McCutchan said that it would. Chief Lombardo advised that the Trumbull Public Works and Engineering Departments are aware of this proposal.

Chief Lombardo,

On Friday, 12/26/25, while working a special duty detail at Trumbull Mall, Off. Nick Van Fleet and I were on foot patrol near door #4 when we heard a loud commotion of people screaming and yelling, followed by a loud bang resembling a gunshot.

Off. Van Fleet and I immediately began running to the area of the gunshot and observed several people running in multiple directions. A female in the area yelled to us that there was a fight and that "he shot a gun." She was unable to provide a description of the suspect but pointed in the direction of JCPenney, indicating that the shooter had fled that way.

Off. Van Fleet and I continued in that direction to ensure public safety and to locate and neutralize any potential active threat. After determining that there was no active shooter, we returned to the crime scene to identify witnesses, locate evidence, and assist with the ongoing investigation. I would like to formally recognize Off. Van Fleet for his immediate and decisive response. Without hesitation, we ran toward a perceived active threat, demonstrating professionalism, courage, and a clear commitment to public safety.

I would also like to recognize Off. Andrew Goldstein and Dispatcher Pam DeSanty for their outstanding performance during this incident. Off. Goldstein and Dispatcher DeSanty handled multiple 911 calls, routine calls, all TPD radio traffic, the hotline used to request mutual aid from assisting agencies, and routine duties, including coordinating the call-in of off-duty officers. At one point during the incident, dispatcher DeSanty was simultaneously managing three phones while relaying critical information regarding the suspect.

Everyone involved in the incident performed at an exceptionally high level in a rapidly evolving, stressful situation. Their actions are a true testament to the professionalism, courage, and integrity expected of members of this department. I am proud and honored to work alongside each of them.

Respectfully,

A handwritten signature in blue ink that reads "Sgt. Timothy Fedor".

Goodmorning Chief Lombardo,

On Sunday I sent "compliments" for the effort, commitment and professionalism of your Department, especially Officer Edwards and Detective Wheeler. Today, I send you congratulations and kudos. Not only because your Department found the perpetrator, but also recovered the stolen Kubota Tractor, albeit in damaged condition.

Just as an aside, it is our suspicion that this thief had previously surveilled our Community. Thank you again for the Professionalism and efficiency of the Trumbull Police Department.

Lastly, we wish all of the men and women of the Trumbull Police Department a Joyous Christmas and a safe, Healthy and Happy New Year.

Thank you.

Chief Lombardo,

I hope this email finds you well. In the past you have been very gracious with your time whether we discussed Regency Meadows Route 25 Speed concerns or Traffic Control at our dangerous entrance/exit to/from Regency Meadows.

This time I am writing to express our appreciation and recognition for two of your Officers.. They are Officer Michael Edwards and Detective Daniel Wheeler. As the Regency Meadows Board Member responsible for Landscaping I was naturally upset about our Landscaper and Snow Removal friend Nick Sando when someone brazenly stole his Kubota Tractor. As far as I can tell, your Department is doing all the right things.

You may recall, I spent my early career in the NYPD and the lasting appreciation for those who choose this career has only been strengthened by the effort and professionalism of both of your men. In today's world that reeks of a fierce denigration of Law enforcement, your Officer, Detective and Department have represented you and the Town of Trumbull incredibly well.

And, I offer this praise with little hope of a resolution to this crime. Thank you all for the effort, not the hopeful outcome. And, Merry Chistmas!

Thank you.

Dear Chief Lombardo,

Target is deeply committed to helping build stronger communities, and we appreciate the work your agency does every day to keep our community safe. I wanted to take a moment to say thank you for partnering with us during our Heroes & Helpers event. Your department's presence brought joy to local families and highlighted the incredible relationship between law enforcement and our community.

Thank you and your department for the incredible support during our Heroes & Helpers event, where we were able to bring together your officers, volunteers from Trumbull EMS, Long Hill Fire Department, and Target team members to support The Center for Family Justice and help children from their program select gifts for the holidays.

I am truly grateful for all the support your department has provided throughout the year with other community events such as Coffee with a Cop, Color with a Cop, and National Night Out. I can't begin to express how much I appreciate the dedication and partnership of your officers. While I would love to list every individual who contributed, I fear leaving someone out. Please know that every effort was noticed and valued.

We truly value our partnership and look forward to continuing to work with you and the Trumbull Police Department to make our neighborhood a safer place to live and work.

I personally want to thank Officer Brian Weir, who assisted, along with several other officers, who blocked the traffic for the safety of the children. They were extremely helpful and responsive, especially when we had to run the race a second time, as some kids arrived late. Your officers ("without blinking an eye") immediately blocked traffic again. I can't thank them enough!!

May God Bless you all for what you do,

Chief Michael Lombardo,

I wanted to personally extend my sincere gratitude to you and your entire department for the outstanding support you provided during this past weekend's mutual aid response for SantaCon. Your officers' professionalism, cooperation, and willingness to step in made a tremendous difference, and it did not go unnoticed.

The strong working relationship and brotherhood between our agencies, especially between chiefs, is something I value deeply. It's reassuring to know we can rely on one another when large-scale events put extra demands on our resources.

Please know that your support is truly appreciated, and it goes without saying that if your agency ever needs anything, we will be the first to step up and assist in any way we can.

Thank you again, and I look forward to many more positive interactions between our agencies.

New & Completed Investigations

Gun Shot Wound/ Medical Call - On December 1, 2025, patrol officers responded to 1235 Huntington Turnpike for a report of a person bleeding from the leg. Upon officers and EMS arrival it was determined that the victim had suffered a gunshot wound to the upper thigh. The victim who would not cooperate was transported to the hospital where it was confirmed that he had bullet lodged in his femur. An investigation determined that the victim had been shot in Bridgeport and all pertinent information was provided to the Bridgeport Police Department.

Stolen Tractor - On December 13, 2025, patrol officers responded to Imperial Court for the report of a stolen tractor (Kubota) valued at \$85,000 that was believed to have been taken off the property the day prior. An investigation and an anonymous tip revealed that the tractor had been placed in a wooded area in an adjacent neighborhood which led to a suspect and the arrest of the individual after a confession was obtained. In the instance of corporations, this requirement shall not be met if more than one entity within a "controlled group or corporations" as defined in Section 1563 of the Internal Revenue Code (26 U.S.C. 1563) is on the list. The Trumbull Chief of Police or his designee may require an entity on the list or any applicant to disclose such information as may be necessary to determine compliance with the requirement.

Failure to provide such information may be the basis for removal from the list or denial of the application for appointment or renewal to the list. An intentional violation of this section may result in the removal of all entities within the controlled group of corporations of the violator. Any adverse determination or presumption by the Chief of Police may be appealed to the Police Commission within twenty-one (21) days of notice of the adverse determination or presumption.

- L. Any change in ownership, registration or license of any facility on the tow list shall be reported in writing to the Town and to the Chief of Police within twenty-four (24) hours of such change.

A report and a recommendation on the investigation shall be reviewed by the Chief of Police with the Police Commission. The Chief of Police or his designee shall have the ability to conduct unannounced inspections for purposes of assessing quality control and conformance with the terms of this policy.
- N. The Police Commission reserves the right to limit the number of tow providers on the tow list at any one time based on good cause. Acceptance on the tow list by the Police Commission may in no way be construed to imply an endorsement of the towing facility.
- O. The Police Commission on the anniversary date each year of the establishment of the tow list shall review the tow policy and established tow list and may act upon recommended changes in the policy and/or additions or deletions to the tow list, provided however, that the Police Commission may act upon recommendations for changes in the policy or removal of tow operators from the tow list for good cause at any time.
- P. Failure to submit the information or comply with the requirements of this section may result in the rejection of any application.

III. EQUIPMENT REQUIREMENTS

- A. Each wrecker shall be equipped according to the Connecticut General Statutes and the Regulations of the Connecticut Department of Motor Vehicles including but not limited to the provisions set forth in Connecticut General Statute 14-66. Additionally, each tower shall have a minimum of two (2) wreckers plus two (2) flatbeds licensed and properly insured as required herein.

- B. Each wrecker and flatbed shall be equipped with at a minimum a broom and a shovel, communications equipment, a second rear spotlight and three triangular reflectors.
- C. Each wrecker or flatbed will be lettered on both sides of the vehicle depicting the name of the garage and its telephone number or name of the garage and its address. Lettering will be a minimum of three (3) inches high and will be maintained in clean, legible condition.
- D. No wrecker or flatbed shall tow a vehicle with a gross weight in excess of the boom capacity of the wrecker.
- E. No wrecker or flatbed will be used for towing on the Trumbull tow list unless it has passed an inspection by the State of Connecticut Department of Motor Vehicles Commercial Vehicles Safety Division and this inspection is up to date and otherwise in compliance with the regulations of the STATE OF CONNECTICUT, DEPARTMENT OF MOTOR VEHICLES.
- F. No wrecker or flatbed will be approved or used for towing unless it bears a current wrecker registration in the name of the repair license, or in the name of a leasing company leased in the name of the repair license.
- G. Each wrecker or flatbed will be maintained in good condition and will be subject to inspection at any time by the Trumbull Police Department. Results of any such inspection shall be forwarded to the Chief of Police and if necessary to the State of Connecticut Department of Motor Vehicles Commercial Vehicles Safety Division to determine whether the wrecker and/or flatbed is in compliance with the applicable regulations of the State of Connecticut Department of Motor Vehicles.
- H. Any change in ownership or registration on the vehicle shall be reported to the Chief of Police within twenty-four (24) hours. Notification shall be made by certified mail.

IV. OPERATING REQUIREMENTS

- A. All requests for towing or service shall be distributed by the Chief of Police or his designee, with each tower taking its turn in its respective order. In the event that two (2) vehicles at the scene of an accident have to be towed and the next wrecker on the list has two tow trucks currently available, they may be allowed to tow both vehicles. Towers will respond to all calls. Continued no answers, busy signals, or refusals to respond to three (3) calls in a six (6) month period will be the basis for suspension of the facility from the tow list in accordance with Section V. Exception to this section will be upon specific request by the motorist for a special garage within a reasonable distance.

- B. All calls for towing or service shall come from the Trumbull Police Department's current shift's dispatcher. If a tower is unable to handle a call, the call for service may not be delegated by the tower to another wrecker operator. The tower shall be charged for the call and the next wrecker operator on the list will be called.
- C. No tow operator will patrol, chase or solicit tows or repairs within the jurisdiction of the Trumbull Police Department.
- D. No more than one day and one night telephone number may be accepted and they must allow for contact on a 24-hour, seven-day-per-week basis.
- E. Garage owners are responsible for the negligent and careless acts and/or omissions of their agent's servants and/or employees arising out of towing, response, or other department violations. Owners shall provide a list of all wrecker operators with their current, valid Connecticut operator's numbers and notify in writing the Chief of Police of any changes within one week of such change.
 - 1. Each tow operator shall:
 - a. possess a current Connecticut operator's license,
 - b. have no felony convictions,
 - c. be eighteen (18) years of age or older,
 - d. be a competent operator of the tow truck and be knowledgeable with the motor and mechanical features of the tow truck and may be required to demonstrate such skills upon the demand of the Chief of Police or his designee.
- F. Tow operators will be allowed twenty (20) minutes to respond to calls. Failure to respond within twenty (20) minutes after being dispatched by the Trumbull Police Department constitutes a failure to respond for the purposes of suspension or revocation under Section V of this policy. Further, a failure to respond within (20) minutes warrants the Trumbull Police Department to call another wrecker to perform the tow.
- G. Wrecker operators will be as neat and clean as practicable and will conduct themselves in a businesslike manner.
- H. The carrying of firearms is discouraged, however a permit is required. Firearms carried in an exposed manner as to cause alarm to the public may place the permit to carry the weapon in jeopardy and may be cause for removal from the tow list.

- I. Vehicles towed will be taken to the tow operator's registered place of business unless specifically requested by the owner, operator, agent or Police Department's representative to be towed elsewhere.
- J. In the case of an emergency, the Trumbull Police Department's Patrol Shift Supervisor shall have the right to disregard the tow list and obtain the services of the nearest garage.
- K. The tow operator responding to the scene of an accident will be completely responsible for the removal of glass and/or debris from the accident scene. In the event more than one tow operator is called, each shall be responsible. Failure to adhere to this policy shall be the basis of review and suspension of the tow operator from the tow list.
- L. No vehicle will be moved from the scene of an accident except upon approval of the police officer in charge.
- M. The towing facility will have on file with the Trumbull Police Department a current schedule of rates and charges (including storage charges) related to towing operations. The towing facility will not charge a rate higher than that on file with the Police Department for police wrecker calls. Such rates shall not exceed those rates set by the Commissioner of the State Department of Motor Vehicles ("DMV") and shall be posted in conformance with the requirements of DMV at each towing facility and carried upon each wrecker.
- N. The tow facility shall accept payment for towing and/or storage by at least one major credit card.
- O. Service calls such as gas; oil, tire changing, etc. will be handled if possible at the scene without towing the vehicle.
- P. Trumbull police officers at the scene of a tow call who observe unsatisfactory service by a wrecker operator or who receive information concerning unsatisfactory service by a wrecker shall file a written report of such unsatisfactory service with the Chief of Police.

V. SUSPENSION OR REVOCATION

- A. The Chief of Police may, for cause, suspend or revoke from the towing list any tow provider who fails to meet the requirements of this policy or who violates any statute or regulation concerning the operation of a motor vehicle repair, towing or storage facility, or any statute or regulation concerning the operation of a motor vehicle or otherwise violates any of the provisions set forth in Section B 1 through 13 after a hearing upon due notice to the tow provider. This hearing

shall be conducted by the Chief of Police or his designee. If a finding is rendered suspending or revoking the tow provider's privileges under the terms and conditions of this policy then the tow provider will receive notice of the suspension or revocation by certified mail. The tow provider has the right to appeal the decision by the Chief of Police or his designee to the Police Commission within (10) days of the receipt of the notice of suspension or revocation.

7. Suspension of License for Repair of Motor Vehicles;
8. Collusion with any person employed by the Police Department, which would violate the fair and equitable distribution of calls;
9. Substantiated consumer complaints regarding the improper handling of personal property;
10. Conviction of any felony or other offense relating to the tow operation;
11. Non-payment of inspection or license fees;
12. Failure to provide a list of tow operators or new operators;
13. The failure of any applicant or facility, or employee thereof, to assist any member of the Department or other law enforcement officer during an investigation conducted with regard to the operation of a wrecker, the rendering of tow services pursuant to a call from the Department or an investigation conducted relating to the equipment or premises of the tow operator.

VI. ROTATING SERVICE

- A. A record of all calls for wrecker service shall be maintained by the shift dispatcher and shall contain the date, time, tower, and case number for each request. This information shall be available for examination by REQUEST.

VII. PROVISIONS

- A. A copy of this policy will be given to each tow operator on the Trumbull Police Department's tow list. Each tow operator shall review the tow policy and provide written acknowledgement that he has read the towing policy and that he understands and consents to the provisions of said policy and the penalties for non-compliance which includes possible suspension or revocation from the towing list.
