**DISCUSSION ITEM:** The possibility of amending Chapter 17-Streets, Sidewalks and Highways of the Trumbull Municipal Code to include Section 17-98 – Removal of snow, ice and rubbish from sidewalks and other property.

1. RESOLUTION TC31-23: To consider and act upon a resolution which would designate Siena Research Institute as the consultant to conduct a survey of Trumbull residents to gather resident input that will inform evaluation, planning, and next steps related to a potential senior and/or community center.

## RESOLUTIONS

1. RESOLUTION TC31-23: BE IT RESOLVED, That Siena Research Institute is hereby designated as the consultant to conduct a survey of Trumbull residents to gather resident input that will inform evaluation, planning, and next steps related to a potential senior and/or community center.

## **Discussion Item Back-up**

RESOLUTION TC30-84: **Held in L&A Committee 9-30-2024 (TC October 2024)**

### **Removal of snow, ice and rubbish from sidewalks and other property.**

#### **A.**

No natural accumulation of snow or ice shall be permitted to remain on the sidewalks or hard-surfaced, improved walkways fronting on the property of any property owner, tenant or occupant of the Town for a period in excess of 24 hours after any storm causing or contributing to such accumulation, unless abrasives are applied to reduce slipping.

#### **B.**

The Department of Public Works may remove or cause to be removed any such accumulation or apply the necessary abrasives upon failure of the owner, tenant or occupant to do so within the time specified herein. The expense of such removal shall be paid by the Town, but shall be charged to the owner of the property from in front of which the snow or ice was removed. Such charge, if unpaid, shall be a lien upon the premises adjoining such walk upon filing of a certificate of lien, which certificate shall be recorded in the Town Clerk's office within 60 days after the completion of such removal.

#### **C.**

No person shall deposit or permit to be deposited any snow or ice on a sidewalk, street, road, highway or other public property. This clause shall apply to the removal of snow and ice from any sidewalk, driveway or private property. No person shall cause ice to form on a sidewalk, street, road, highway or other public property by discharging or allowing water to be discharged from private property.

#### **D.**

All accumulations of rubbish on any public sidewalk shall be removed within 24 hours of the accumulation thereof by the person who owns or is in possession of the premises upon which or adjacent to which such sidewalk is located. The Town shall have the right to cause any accumulation of rubbish to be removed from a sidewalk, and the cost thereof shall be a debt to the Town and the person shall be liable to the Town for such removal.

#### **E.**

It shall be the duty of the Police Department to see that subsections C and D are duly enforced. Any person found violating the terms of this section shall be fined not more than \$99 (or the maximum amount permitted by state law) for each offense. The person to be fined may be the owner of the property, the occupant or the operator of any vehicle or equipment depositing the ice or snow on the sidewalk, street, road, highway or other public property.
