Equipment-Drone	This drone will allow the Engineering Department to do survey-quality reconnaissance of areas in Trumbull. It is able to produce land contours, and assess the conditions of roads from above, giving a more complete analysis, supplementing the major road assessment the town does to prepare a paving schedule. It is not your typical drone for recreation flying. It is a high-quality drone, capable of many surveying functions that can be done more easily and faster than sending a crew out to survey land. This drone comes with software and the user must be licensed to fly it. Removed from 2022-2023 operating budget.	\$ 18,000.00		
Pavement Preservation	The Town of Trumbull's roadway system is aging and stressed. Adequate annual funding is difficult when considering townwide priorities. A component of the strategy to improve long term overall pavement conditions is to preserve the integrity of roads paved within the last 6 to 12 years. This will allow for continued paving of older roads delaying repeated attention to those already improved. *\$50,000 in 2022-2023 operating budget.	\$ 500,000.00

Modular Study Rooms (4)	We would like a mix of two-to-four person size meeting spaces. Addresses meeting/work/study space shortage so that people can meet while maintaining a quiet space for others. In past surveys, this was a high priority for Trumbull residents.	\$ 60,000.00

Bicycles	The current patrol bicycles were given to us seven years ago from an area police department, and were already used. New replacement bicycles, fully equipped, will cost approximately \$1800.00 each. These units are utilized in the many trails and secluded areas of Trumbull, which prohibit vehicle travel.	\$7,200		
Body Cameras	The Department has had body-worn cameras for its patrol officers long before it became a law. We would upgrade our current model to the newest available to us and expand the program to more officers. Body worn cameras are imperative to safeguard our officers, the community that they serve, and the Town.	\$100,000		
Regional Traffic Monitoring System	This funding will allow us to expand the current regional traffic monitoring system, which was established by the Bridgeport Police Department Fusion Center in cooperation with surrounding police agencies. Addition/ installation of new Traffic Monitoring Cameras to assist with traffic enforcement and apprehension of wanted and stolen vehicles.	\$50,000		
Dive Team	The Department's dive team, and the only SCUBA Rescue team in Trumbull, is in dire need of replacing its aging equipment, which is approximately 10 years old and at the end of its life-cycle. We would fully outfit six of our divers with complete gear. This includes: full face mask, drysuit, dive computer, buoyancy control device, accessories and public safety underwater communications equipment. We are also looking to outfit eight Trumbull divers and line tenders with Urban Water Rescue Kits. Kits include exposure PPE with safety harnesses, for high water rescues during storm and flooding events. We currently do not possess this type of PPE.	\$98,000

Recreation & Parks					
Project	Description	Estimate	Approved	Funded	Capital Plan
Athletic Field	<p>Multi-purpose artificial surface athletic field at Indian Ledge Park. Field space is at a premium in the Town and user groups' demands for available space are regularly incapable of being met. Based on the requests of current user groups, a new turf facility could be used by over 4,000 users per month with activities running March through November.</p> <p>During the summer season the complex would be available 98 hours per week; 8am-10pm daily. The priority for summer scheduling would go to the Trumbull Parks & Recreation youth camps and sports clinics from 8am-4pm with approximately 100 participants per day/500 participants per week utilizing the facility. After that other user groups such as youth baseball/softball, youth field hockey, and youth soccer would utilize the complex for the majority of the 3pm-10pm permits with an estimated 80-100 participants per week.</p> <p>Once school is back in session, youth soccer user groups would be the primary users of the turf field with upwards of 300 players per week participating in practices and games occurring Mon-Fri from 3pm-10pm. Saturday and Sunday usage would continue to follow 8am-10pm usage with multisport Recreation programming occurring in the morning. Much like the spring season, an estimated 4,200 users per month could use the facility based on current user group requests with approximately 1,050 participants weekly participating in various recreation programs and youth sport organizations.</p> <p>*In 5-year Capital Plan TOTAL COST: \$2,275,000</p>	\$1,137,500			REMAINDER
Splash Pad - Beach Memorial	<p>The Splash Pad at Beach Memorial Park is over twenty years old and is experiencing mechanical failure. The facility was designed to be a fully recycled and filtered system, however the increased continual usage during the season exceeds its operational capacity and will shut down. During the 5-month season, our records indicate the following usage: On average, 500 patrons visit Beach Memorial Pool daily. Approximately 2/3 of those visitors, 333 daily, are children who utilize the splash pad on the hour every hour for 15 continuous minutes during adult swim. This number does not account for the residents who visit Beach Memorial Park specifically to use the spray park nor does it account for the times when Beach Memorial Park is not operational but the spray park is (such as September when the school age children have returned to the classroom while the toddler community remains active.)</p> <p>*In 5-year Capital Plan</p>	\$650,000			
Tashua Pool Repairs	<p>Tashua Knolls Pool is one of the Town's two seasonal pools and is visited by over 450 guests daily between the months of May and September. Constructed in the early '70s, there are a number of areas that require renovation or outright replacement to allow for its continued use. The children's pool has been closed for three seasons, the decks are lifting, there are multiple leaks in return lines, restrooms not ADA compliant, Life Guard station undersized and the mechanicals are at end of life. Our Community utilizes this facility significantly and its loss would felt by all age groups.</p> <p>Phase one will include partial concrete deck replacement, new plumbing, small addition to safely house chemicals and mechanical system, and new surge tank. Proposal to convert kiddie pool to mini splash pad.</p> <p>Full pool repair estimated at \$2,775,000 *In 5-year Capital Plan</p>	\$850,000			REMAINDER

Community Theatre	<p>Bringing a community theatre to Trumbull would provide a fulfilling and fun activity for the people of our town. More importantly it would help to foster a strong sense of community in our wonderful town. In a world where people are more frequently living, working and socializing behind computer and phone screens, community theatre will bring people and community together. It will enrich the lives of those who participate in creating the magic of theatre and also those that gather as a community to attend the performances. It will provide many opportunities for people and businesses to come together to support the arts and enrich our community. Performances would be held in the Trumbull High School auditorium. Seed money requested. \$35,000/yr for 2 years.</p>	\$70,000

Prevention Programs				
Project	Description	Estimate	Approved	Funded
Trumbull Prevention Partnership (TPAUD)	<p>Since 2006, TPAUD has become a role model in the region for the prevention of substance misuse and promotion of social/emotional health. TPAUD has been funded by a federal Drug Free Communities (DFC) grant since 2014, which allows it to address underage drinking, vaping, marijuana use, and prescription drug misuse. With their members and partnerships, TPAUD has implemented evidence-based and data-driven prevention activities to educate families on new trends and risks, increase family and peer disapproval rates, reduce retail and social access, and increase enforcement of alcohol and drug laws.</p> <p>TPAUD's Drug Free Communities grant funding ends on 9/29/24. TPAUD will have the opportunity to compete for a federal STOP Act grant of \$50,000 per year for four years; these grants are very competitive and only fund activities for preventing underage drinking. Periodically, coalitions can compete for grant funding from CT's Department of Mental Health and Addiction Services (DMHAS); the timing is unpredictable and, in some cases, long-standing coalitions like TPAUD are not eligible for funding.</p> <p>Cost: \$70,000/year for 2 years.</p>	\$140,000.00
