Rina Bakalar from Economic and Community Development was present at the meeting and provided an update on the Route 111 and Spring Hill Road improvements. Consultant from Tighe & Bond, Town Engineer and Director of Public Works are also present.

Ms. Bakalar provided a detailed update on the projects on Spring Hill Road, Grant to improve the trail crossing across Spring Hill Road, widening of road on Spring Hill Road, Bridge on Spring Hill Road and Amazon.

Ms. Bakalar reported that Amazon, 7120 Main Street, is looking to open in mid-summer. They are conducting an \$11M improvement of the facility. Chief Lombardo and/or designee will be invited to attend meeting to discuss the traffic in the area, etc.

Ms. Bakalar handed over the Route 111 project to Tighe & Bond and Town Engineer.

Mr. Fred Mascia of Tighe & Bond provided the Police Commission with maps of the projects in the area of Route 111 and Spring Hill Road. Mr. Mascia went on to explain the Route 111 project, what is being looked into is placing a traffic signal at the entrance of shopping center. The plans have been submitted to the State Department of Transportation, have received multiple comments from them, and are being reviewed.

Mr. Mascia provided a handout of the Spring Hill Road project. Mr. Mascia went on to explain in detail the crossing on Spring Hill Road (parking lot/driveway) what they are looking to do is separate the driveways between the trail and the bus transportation. The flashing beacons will be placed in the area.

Improvements to Spring Hill Road near the Transfer Station. The problem that is occurring is the traffic is spilling over onto Route 25. The plan is to have a three lane on Spring Hill Road leading from Route 25. There will be a through lane, left turn lane into Transfer Station and through lane coming from the West. The other plan is to have queuing lanes into the Transfer Station which would get the cars off the Spring Hill Road.

Chairman Baldwin thanked everyone for coming and providing a presentation as the Commission finds it helpful to know what is occurring with the projects.

Dear Captain Golding:

Thank you for sharing this letter from Director Sikora. I will not only place a copy in each of the officers personnel files, but will share it with the Trumbull Police Commission at its next regular meeting in March.

It is very heartwarming to receive such complimentary letters and satisfying that we are reaching so many children in the schools.

Once again, thank you for forwarding this and thank you to each of the SRO's.

Subject: SRO letter from Director of School Security

Chief Lombardo,

Attached is a letter from Scott Sikora, Security Director for the Trumbull Board of Education. In it, Security Director Sikora would like to thank the Trumbull Police Department for our support for the SRO and DARE programs that are currently taking place at the town's schools. He expresses his gratitude in the professionalism and cooperation that each SRO officer displays in their daily interactions with the students and administration.

I request that a copy of the letter be placed in each of the officer's personnel file for future reference.

Sincerely,

Captain Keith Golding: Trumbull Police Department,

First, I would like to thank you and the Trumbull Police Department for your continued support of the School Resource Officer Program. The officers involved in this program have been a great addition to school security and the overall school community. I've had the pleasure of working with all three of them over the course of their position at the schools. Each one adds a different and unique layer to the school that they support and the schools that they cover. Whether it's their daily interaction with the students and staff, their teaching classes in the course of the school day, the DARE program, or just their omnipresence (to use police jargon from days gone by) within the school, all have become an important part of the school system.

Due to my office location, I work mostly with Officer Duva. He has become an integral part of the high school culture. His daily interactions with the students, many who actively seek him out at his office, do not go unnoticed. Many students will come to him for guidance with both school and personal issues, and I've seen him spend a great deal of time making sure that those students left with the help or guidance they were seeking. This could involve follow-up calls to internal departments and/or external agencies. He's called upon many times for his perspective on different issues, many which do not end involving the police any further. Many of these issues are resolved within the school or through sources associated with the school. There have been many discussions between SRO's and Administrators on the best path to take with a student when the possibility of an arrest comes up.

The classes that Officer Duva teaches at the high school are well-looked upon by the students and staff. I've only heard great feedback from the DARE programs that Officer Massa and Officer Bartosik instruct and we only need to look around our communities to see how important the timely issues are. I bring these topics up because, although I see it on a daily basis with Officer Duva, I have also interacted with the other officers on many occasions and I know that Officer Massa and Officer Bartosik work and act the in same manner. Both officers work between all the schools when needed. It is very much a team approach and has added to the success of the SRO program. All three have been more than accommodating with any issues that have come up within the schools and work well within them to assure the best outcome for all involved. I believe that their very presence at the school helps the school climate and reassures staff, students, and visitors.

I am certainly aware of the costs to the Police Department to continue this program and just want to offer my view point, my support, and my thanks for its original inception and continuation. All three officers have done a terrific job in acclimating to their tasks at the schools and we have had nothing but positive interactions with all of them. Please pass this on to Chief Lombardo, Assistant Chief Byrnes and Deputy Chief Scinto to also thank them for their support.

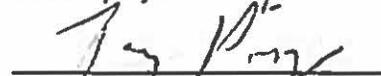

Sincerely,

Scott Sikora
