Correspondence from Trumbull Police Commission Meeting August 11, 2026

From: Mrs. Bree Ann Prezioso

HIDDEN DISABILITIES REQUIRE INFORMED POLICING

NO CHILD WITH A HIDDEN DISABILITY SHOULD BE ARRESTED OR CHARGED BEFORE OFFICERS HAVE A COMPLETE PICTURE.

BEFORE CHARGING OR REFERRING A CHILD, OFFICERS SHOULD:

1 NOTIFY PARENTS IMMEDIATELY

Parents know their child's:

- Disability profile
- Communication style
- Triggers
- Level of understanding
- Effective de-escalation strategies

Parents should have a meaningful opportunity to explain their child's background and needs before any charging decisions are made, whenever circumstances safely allow.

2 SPEAK WITH THE ADULTS WHO KNOW THE CHILD BEST

Officers should seek information from professionals who interact with the child regularly, such as:

- Teachers
- School psychologists
- Special education staff
- Related service providers
- School counselors

A single administrator may not have the complete picture.

3 UNDERSTAND THREE CRITICAL AREAS OF DISABILITY

These areas are essential to understanding the child's behavior and whether their disability impacted the situation.

THREE AREAS CRITICAL TO UNDERSTANDING A DISABLED CHILD

1. INTELLECTUAL ABILITY

- What is the child's cognitive profile?
- Is the child gifted, average, or intellectually disabled?
- Cognitive ability alone does NOT tell the whole story.

2. ADAPTIVE FUNCTIONING

OFTEN THE MOST IMPORTANT FACTOR.

Adaptive functioning affects a child's ability to:

- Understand consequences
- Process information
- Make sound decisions
- Exercise judgment
- Resist peer influence
- Function independently
- Handle problems appropriately

A child may have a very high IQ while functioning years behind peers in real-life judgment and decision-making.

3. DISABILITY CHARACTERISTICS & COMMUNICATION

- Officers should determine whether the child's disability affected the incident.
- Examples include autism spectrum disorder, ADHD, language disorders, gestalt language processing, and social communication deficits.
- Some children may repeat words or phrases they have heard without fully understanding their meaning or impact.

ALWAYS CONSIDER:

- WAS BULLYING INVOLVED?
- WAS THE CHILD MANIPULATED BY PEERS?
- DID THE CHILD FULLY UNDERSTAND THE SERIOUSNESS OF WHAT THEY SAID OR DID?
- DID THE CHILD'S DISABILITY SIGNIFICANTLY CONTRIBUTE TO THE BEHAVIOR?

OUR GOAL

Protect public safety while ensuring that children with hidden disabilities are understood—not misunderstood.

Better information leads to better decisions.

CHILDREN | FAMILIES | SCHOOLS | LAW ENFORCEMENT | COMMUNITY

A DISABILITY-INFORMED RESPONSE BENEFITS EVERYONE.

RECOMMENDED RESPONSE PROTOCOL

1. Incident Occurs
2. Notify Parents Immediately
3. Consult School Professionals Who Know the Child
4. Review: Intellectual Ability + Adaptive Functioning + Disability Characteristics
5. Make an Informed Charging Decision

Take time. Ask questions. Gather facts. Understand the child.

Justice begins with understanding.

INFORMED OFFICERS • UNDERSTANDING COMMUNITIES • BETTER OUTCOMES FOR CHILDREN

1. Notify Parents Immediately

Parents know their child's:

- Disability profile
- Communication style
- Triggers
- Level of understanding
- Effective de-escalation strategies

Parents should have a meaningful opportunity to explain their child's functioning before charging decisions are made whenever circumstances safely allow.

---

2. Speak with the Adults Who Know the Child Best

Officers should seek information from professionals who interact with the child regularly, such as:

- Teachers
- School psychologists
- Special education staff
- Related service providers
- School counselors

A single administrator may not have the complete picture.

Before Making a Charging Decision

✅ Notify parents.

✅ Consult school professionals who know the child—not just one administrator.

✅ Consider the child's disability before determining criminal intent.

Our Recommendation

Adopt a disability-informed response protocol for juveniles.

Better information. Better decisions. Better outcomes.

"Justice begins with understanding."

Hidden Disabilities Matter

A Proposal to Improve Police Response to Children with Disabilities

No child with a hidden disability should be arrested or charged before officers have a complete picture.

Before Charging or Referring a Child, Officers Should Gather Critical Information

1. Notify Parents Immediately

Parents know their child's:

- Disability profile
- Communication style
- Triggers
- Level of understanding
- Effective de-escalation strategies

Parents should have a meaningful opportunity to explain their child's functioning before charging decisions are made whenever circumstances safely allow.

Our Goal

Protect public safety while ensuring that children with hidden disabilities are understood—not misunderstood.

Better information leads to better decisions.

A disability-informed response benefits children, families, schools, law enforcement, and the entire community.

Three Critical Questions

🧠 1. Intellectual Ability

- What is the child's cognitive profile?
- Is there a diagnosed disability?

❤️ 2. Adaptive Functioning

- Can the child truly understand consequences?
- Can they process judgment, social situations, and the seriousness of their actions?
- **Adaptive functioning often predicts real-world decision-making better than IQ alone.**

🧩 3. Disability Characteristics

- Did autism, ADHD, language differences, or other hidden disabilities contribute to the behavior?
- Was the child repeating language without understanding its meaning?
- Was bullying, manipulation, or peer pressure involved?

🧩 Disability Characteristics & Communication

Officers should determine whether the child's disability affected the incident.

Examples include:

- Autism Spectrum Disorder
- ADHD
- Language disorders
- Gestalt language processing
- Social communication deficits

Some children may repeat words or phrases they have heard without fully understanding their meaning or impact.

Always Ask

✓ Was bullying involved?

✓ Was the child manipulated by peers?

✓ Did the child fully understand the seriousness of what they said or did?

✓ Did the child's disability significantly contribute to the behavior?

Subject: Request for Resignation from S.W.R.E.R.T.

I am writing to formally express my sincere appreciation for the trust you placed in me by selecting me to serve on S.W.R.E.R.T. It has been a valuable opportunity, and I am grateful for the investment, training, and resources the department has dedicated to my development on the team.

However, due to my upcoming military deployment next year, I must respectfully request a leave of absence from S.W.R.E.R.T.

The pre-mobilization phase requires a significant increase in my military commitments, including mandatory upcoming training, extensive preparation for my new operational role overseas, and ensuring my soldiers are fully prepared to deploy safely. Additionally, I need to focus on finalizing personal affairs including my home, finances, and family logistics to ensure a smooth transition before I depart.

Given these overlapping demands, I cannot dedicate the time and focus that S.W.R.E.R.T. demands and deserves, especially while navigating my probationary status with the team.

Thank you again for the incredible opportunity, support, and confidence in me. I remain fully committed to my primary duties with the department until my deployment.

Respectfully,

Andrew Goldstein

On Thursday September 3, 2026 Trumbull EMS responded alongside Trumbull PD having been dispatched to the altered mental status. Upon arrival Trumbull officer Jack Kingdon and officer Patrick Eble arrived on scene first and located the patient in the kitchen of her home residence. They immediately identified the patient as having an ineffective respiratory rate and overall unwell appearance. Upon checking patient pulse they noted patient to have a thready carotid pulse and began providing CPR as well as ventilatory support with BVM. Upon the arrival to the scene of Trumbull EMS, both officers were noted to still be performing resuscitative efforts. Officers quickly relayed the patient was found unresponsive with agonal breathing and thready pulses. Additionally the patient's husband was unable to really give any pertinent information on events prior leading up to 911 activation. Thanks to the excellent patient care provided by both officer Jack Kingdon and officer Patric Eble prior to my arrival they were able to maintain a BLS airway and ventilate so that the patient wouldn't further go into respiratory or cardiac arrest Upon performing pulse check the patient was noted to now present with stronger pulses but continued to exhibit ineffectual respiratory effort. Officers continued to provide patient with ventilatory assistance via BVM allowing me to perform EKG interpretation and time to consider RSI.

I would like to thank Officer Jack Kingdon and Officer Patrick Eble for their professionalism and exemplary patient care. As well as for their rapid interventions. Because of this work as a team we were able to provide the patient with rapid emergency care and transport to hospital. I would like to take the time to express how much I appreciate the hard work and dedication that you guys put into your patient care and it does not go unnoticed.

Thank you,

I am writing to inform you that on October 3, 2026 I am retiring from my position of Trumbull Police Lieutenant. The last thirty years have gone by in the blink of an eye. I am grateful for the opportunity to have served the citizens of the Town of Trumbull. I am happy to have served under your leadership and hope that I have served the department well in all of my assigned positions. I have truly appreciated all of the opportunities that I have had to grow in the policing profession and to work alongside some very gifted people.

I wish you and all the men and woman of the Trumbull Police Department, both sworn and non-sworn, all the best of luck and I will always remember my career with the department as I start the next chapter in my life.

Good Morning:

Thank you for taking the time to recognize Officer Fortunato and for sharing such thoughtful comments about her work. I truly appreciate your partnership with the Trumbull Police Department and the relationship you have developed with Officer Fortunato over the years.

Your comments about her professionalism, initiative, and commitment to community policing are very much appreciated. Her efforts have certainly not gone unnoticed by me or our senior command staff. Officer Fortunato consistently demonstrates a willingness to help, build relationships, and find solutions, and she has become a tremendous asset to our department and the community.

I have copied Officer Fortunato on your message so that she knows how much her work is appreciated. I will also place your letter in her personnel file and bring it to the attention of the Trumbull Police Commission. Recognition from one of our community partners means a great deal.

Thank you again for your kind words and for your continued partnership with the Trumbull Police Department.

Sincerely,

Chief Lombardo

Dear Chief Lombardo,

On National Women Police Officers Day, I wanted to take a moment to recognize Officer Samantha Fortunado and thank her for the incredible work she does for Trumbull.

Over the years, Officer Fortunado has been an outstanding partner to Target and to me personally. In every case she becomes involved with, she goes above and beyond what is expected. Whether it's assisting with retail theft investigations, connecting us with detectives, or helping us navigate challenging situations, she is always willing to help and always looking for ways to make a difference.

One example that stands out is her support in helping bring attention to a high-dollar LEGO theft subject that has impacted retailers and Targets throughout Connecticut. She understands that retail crime affects more than just businesses. It impacts team members, guests, and the communities we serve. Her ability to bring together retailers and law enforcement partners has helped address subjects who not only create inventory shortages but also become a nuisance within our communities.

Beyond investigations, Officer Fortunado has been a trusted resource and sounding board for me. Her experience, perspective, and willingness to collaborate have helped me work through a number of larceny-related issues over the years. She approaches every conversation with professionalism, but also with a genuine desire to help.

What I appreciate most about Officer Fortunado, however, is her passion for community policing. She understands the importance of building relationships and earning trust, and she puts that belief into action every day. Our partnership on community events has been nothing short of remarkable. From Coffee and Color with a Cop, Heroes and Helpers, car seat installation events, and National Night Out, to our work alongside Hartford HealthCare on introducing the Parking Buddy initiative, Samantha has consistently shown up to support and engage with the community. She has also become a strong advocate for e-bike safety education, looking for ways to proactively keep community members safe.

Samantha represents the very best of modern policing. She is a problem solver, a collaborator, a community advocate, and someone who genuinely cares about the people she serves. I am grateful for our partnership, and I believe her work deserves recognition not only on National Women Police Officers Day but every day.

Please extend my sincere thanks and appreciation to Officer Fortunado for her dedication, leadership, and continued commitment to making our communities safer and stronger.

Respectfully,

Regards,

Dear Chief Michael Lombardy,

I am writing to you about Police Officer William Gaige #49 who came out to my home today.

He was so caring and understanding with me. You should be very proud of this Officer he is a gem.

I had a scam done to me on the internet and was told I had to report it to the police. He handled my problem great. It was the first time I actually felt calm since the scam happened. I can't thank him enough for his kindness and how he treated me.

I am very aware of what Police Officers deal with due to the fact my brother was a NY State Trooper retired after 13 years and then went into the DEA. I lost him to Parkinson's disease last year he was a very proud State Trooper and I made it thru 13 years & the time in the DEA just to be taken by that awful disease

In closing I want to thank you for the wonderful men & women you have chosen. They all have one thing in common. Courtesy, Kindness, and Prompt ness answering calls when they are needed.

I know when they put that uniform on and answer a call of duty they put their life on the line to help someone in need not knowing what they are going to encounter and that takes courage!

Please if it is ok with you I give this letter to William ~~Bell~~ Badge #49

Sincerely

Subject: Recognition of Outstanding Police Work

Good Morning:

I would like to recognize the outstanding work of all personnel involved in responding to the extremely violent domestic violence incident on Tuesday, September 22, 2026.

Our police officer call taker, Officer Caitlin Bachiocchi, and civilian dispatcher, Pam DeSanty, performed exceptionally well under extraordinarily difficult circumstances. While monitoring an open 911 line during an ongoing assault, they gathered critical information and relayed timely updates to responding officers. Coordinating a response while listening to such a traumatic event, dispatching officers, and simultaneously managing other communications responsibilities requires tremendous composure and professionalism. Officer Bachiocchi and Dispatcher DeSanty handled every aspect of the call with great skill.

The first officers to arrive on scene were Field Training Officer Sota and his trainee, Officer Ehlers. Finding the residence secured, they acted decisively and forced entry without delay. Upon entering, they immediately encountered the assailant, issued commands, and safely took him into custody, preventing further harm to the victim, who was suffering from serious injuries and was in an understandable highly emotional state.

Officer Hasanovic arrived moments later and provided compassionate care to the victim, assisting with treatment of her injuries, and helping to comfort and protect her after she had endured a horrific series of physical, sexual, and emotional assaults over an extended period.

Sergeant Coutinho also responded, coordinated communications with Detective Bureau personnel, ensured the scene was properly secured, and assigned officers to remain with both the victim and the accused at the hospital.

The violence of this incident, including the serious injuries sustained by the victim, was met with the highest level of professionalism by every first responder. Each of you played an important role, demonstrating outstanding teamwork, compassion, courage, and dedication to protecting others.

Thank you all for, once again, representing the Trumbull Police Department so well. Your actions made a difference during an incredibly difficult and dangerous situation.

A copy of this letter will be sent to the Awards committee, brought to the attention of the police commission and placed in each of your personnel files.

Subject: Recognition for Officers Eble, Sota, and Johnson

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Good afternoon,

I wanted to take a moment to share some positive feedback regarding Officers Eble, Sota, and Johnson and their recent collaboration with our Mobile Crisis Team during a mental health crisis intervention on Thursday 10/1/2026.

As the Supervising Clinician for our team, I am always appreciative when law enforcement and behavioral health professionals are able to work collaboratively while maintaining both safety and compassion for the person experiencing the crisis. Officers Eble, Sota, and Johnson demonstrated this exceptionally well.

Throughout the intervention, all three officers displayed tremendous patience, sound crisis intervention skills, and a thoughtful approach to navigating what was a sensitive and challenging situation. Their ability to balance safety concerns with the behavioral health needs of the individual was particularly appreciated.

Our team ultimately determined that the individual required a higher level of care and initiated an emergency certificate. The officers worked alongside us to develop and carry out a safe plan for getting the individual connected to the appropriate care. Their patience and willingness to work through the situation collaboratively played an important role in helping us reach that outcome as safely as possible.

Mental health crisis response is often complex, and these encounters benefit tremendously from strong partnerships between mobile crisis clinicians and law enforcement. Officers Eble, Sota, and Johnson modeled what that partnership can look like when everyone at the scene is working toward the shared goals of safety, dignity, and appropriate care.

Please extend our sincere appreciation to each of them. I also wanted to make sure their leadership was aware of the professionalism and skill they demonstrated during this call. We value our partnership with the Trumbull Police Department and are grateful for officers who approach individuals experiencing behavioral health crises with this level of patience, compassion, and professionalism.

Warmly,
Dr. Dani

Traffic Studies and Reviews

2500019427 - A comprehensive review of the school zones in the Town of Trumbull revealed that all public schools are compliant with the Manual on Uniform Traffic Control Devices (MUTCD). An evaluation with the Office of the State Traffic Administration (OSTA), case number 144-2608-01, determined that Frenchtown Road is currently posted at 20mph but that it should be posted at 25mph. The Local Traffic Authority (LTA) would either have to submit to the OSTA a speed reduction application to keep Frenchtown Road posted at 20mph or request a work order from Town Highway to replace the signs with 25mph signs. It is the recommendation of the Traffic Division to replace the signs to make it a posted 25mph zone.

2600016842 - Resident Angelin Perez requested additional "Children Playing" signs on Juniper Ridge. Two "Children Playing" signs already exist on Juniper Ridge. Additional signs are not recommended.

2600017044 - Resident Jonathan Von Kohom requested a stop sign at the intersection of Waller Road and Highland Road. Jonathan stated that he has difficulty seeing children playing in the roadway and that a stop sign would help. A stop sign is not recommended as this intersection does not meet the standards provided in the MUTCD.

2600017264 - Resident Dave Richardson requested a traffic control signal to be placed in front of 95 Hurd Road. Dave advised that vehicles use Hurd Road as a cut-through and speed. A traffic control signal is not recommended, nor does a traffic control signal on Hurd Road meet the standards of the MUTCD.

2600017809 - Cooperative Educational Services requested speed bumps in front of both of their locations, Oakview Drive and Lindeman Drive. Studies have shown that speed bumps on public roadways present more of a hazard than a speed calming solution. Speed bumps are not recommended for any Town of Trumbull roadways.

2600018243 - Resident Daniel Sanchez requested a stop sign at the intersection of Argus Lane and Salem Road as it is a bus stop location. A stop sign would not protect any pedestrians walking or standing on the shoulder of the roadway. Furthermore, all buses used by the Town of Trumbull are equipped with flashing yellow and red lights, extending stop bars, and extending stop signs. The MUTCD does not include bus stop locations as a standard for a stop sign, and one is not recommended for this intersection.

Investigations

Residential Burglary- On 3/10/2026 the Patrol Division was dispatched to a residential burglary on Fairchild Road. The homeowners stated that entry was forced, and cash was stolen from the residence. Investigators were able obtain and review video surveillance which produced a suspect vehicle. The suspect vehicle was shared with surrounding agencies but has not revealed any pertinent or similar incidents. Several pieces of forensic evidence were collected but did not provide any further investigative leads. The case will be considered closed pending any new investigative leads or information.

Suspicious Item- On 4/16/2026 a resident reported to the Patrol Division that they had located a GPS tracking device on their vehicle. The complainant stated they believed that the device was placed on the vehicle by their ex-spouse but did not have information to support his accusation. Investigators attempted to speak with the complainant several times but were unable to make contact. Investigators conferred with prosecutors that determined due to the lack of cooperation from the complainant that the case can be closed.

Sex Assault- On 5/11/2026 the Patrol Division was notified by an area hospital that a patient reported that they were a victim of a sex assault. Investigators responded to the hospital where an initial interview was conducted. Over the course of the last couple months the victim became uncooperative and did not want to pursue a further investigation. The case will be considered closed pending information or further victim cooperation.

Suspicious Noise- On 6/29/2026 the Patrol Division (Evening) received a noise complainant in the area of Twin Brooks Park. Initial response by officers did not discover any reason for the noise. The following day a walker in the park discovered several bullet shell casings.

Investigators developed a suspect vehicle and suspect. Working with prosecutors in attempt to gain search warrants to obtain further evidence.

Update- *Investigators completed and submitted search warrants for the suspects' vehicle and residence but were unable to obtain court approval. An interview of the suspect was attempted but he refused to speak with detectives. The case will be closed pending additional investigative leads.*

Larceny- On 8/20/202 the Patrol Division receive a complaint that a patron of the Marriott had his wallet stolen from his room. The victim explained that a check of his credit card accounts revealed that one of his credit cards were used at CVS in Fairfield.

CVS provided video footage of the suspect making the purchase and the strip mall property manager property showed the suspect getting into Home Depot rental truck. A review of the traffic video surveillance from Hawley Lane showed a Home Depot truck departing the area of Hawley Lane south onto Route 108 around the time of the reported theft. At this time the case will be considered closed due to the fact there is no further information on the suspect or identifying marks on the truck to further investigate.

Suspicious Death/ Callout- On 8/22/2026 the Patrol Division responded to a residence on Governors Trumbull Way for an unresponsive 46-year-old woman. Upon officers and EMS arrival to the home the woman was pronounced dead. Due to the age of the woman detectives were called to process the scene. Detectives were able to ascertain several underlying health conditions and an initial examine conducted by an investigator from the Office of the Chief Medical Examiner's did not reveal anything suspicious. Awaiting the final report from the OCME.

Update- *OCME revealed that the cause of death was chronic alcohol abuse disorder.*

Warrant/ Fugitive from Justice Arrests- On 8/25/2026 detectives and members of CSU received information that two (2) wanted persons were staying in the Trumbull Marriott. One of the suspect's was wanted for an active warrant from the Trumbull Police Department and a Violation of Federal Probation. The additional suspect was wanted on an extraditable warrant from New Hampshire. Both individuals are known to the department to be part of an organized retail theft group that investigators have learned have stolen approximately $117,000 of merchandise from Home Depot's in the New England area.

The US Marshalls were contacted to assist with the apprehension which concluded with the suspects barricading themselves in their room for approximately an hour after threatening offices with a gun. The incident was concluded peacefully with the arrest of the three guests of the room.

Investigators recovered approximately $5400 in loose coins that are believed to have been stolen from laundromat coin collection machines, two (2) realistic bb guns (Glock and revolver), numerous tools from Home Depot and TJ Max. Investigators are still providing law enforcement agencies throughout the New England information regarding the identities of the suspect and the recovered items.

***Update**- Since the arrest of the two suspects several agencies from CT and New England have contacted investigators in assisting them with identifying the suspects from previous thefts. It was also learned that the loose change is suspected to be stolen from Coinstar redemption machines in which Coinstar suffered a loss of approximately $25,000.*

Burglary (residential)- On 8/31/2026 the Patrol Division responded to a residence on Reservoir Avenue for a suspicious person complaint. The resident explained that she is not very mobile and an unknown person claiming to work for UI entered her home. The homeowner noticed a second male in the home and then told them she was calling 911. Both parties departed the scene quickly. An initial investigation revealed a suspect vehicle and the investigation is continuing.

***Update-** A search warrant for the suspected vehicle (Hertz rental) was completed and approved by court. The information received from the search warrant is being reviewed to determine the relevance to the case.*

Shoplifting- On 9/8/2026 the Patrol Division responded to Home Depot for a report of three (3) male suspects stealing approximately $3,600 worth of Milwaukee tools. The suspects departed the vehicle in that did not have a license plate. Investigators were able to determine that similar suspects and vehicle were used at other Home Depots throughout the area and working with other departments on identifying the suspect and vehicle. Investigation remains active.

Fraud/ Larceny- On 9/15/2026 the Patrol Division received a complainant that order for marketing promotional items was placed from business on Spring Hill Road. The victim stated that the order was to be paid by purchase order but has come to find out the business that they believed placed the order had not and the address that the order was shipped to does not have a connection to the business.

Violent Domestic- On 9/22/2026 the Patrol Division responded to a report of an assault taking place at a residence on Palomino Pass. Officers needed to force entry and were met by a male who was quickly detained and ultimately arrested for the assault.

Investigators were called to the scene to process the scene and initially interview the female victim who had been severely assaulted and hospitalized. Investigators are still obtaining and processing evidence. Case remains active as the suspect is still incarcerated and facing an Attempted Murder charge.

Stolen Motor Vehicles and Break-Ins- During the month of September there were a total of nine (9) stolen motor vehicles and eighteen (18) larceny from motor vehicles reported during the overnight hours. Investigators suspected the group responsible for the majority of these incidents were from the Trumbull/ Bridgeport area. Several of the stolen vehicle from these incidents were processed for evidence and video surveillance was obtained businesses throughout the area where stolen credit cards were used.

On 10/1/2026 two adult suspects were arrested for being in a stolen car from Bridgeport after the Patrol Division was notified that the vehicle owner was tracking a GPS in their vehicle.

The Crime Suppression Unit (CSU) on the night 10/1 was able to locate a stolen vehicle from that day in area of Sterling and Walker Road. The unoccupied vehicle was watched, and a juvenile suspect was ultimately taken into custody for the stolen vehicle.

The case remains active as investigators are still collecting and reviewing evidence that has been collected from these incidents.

Habeas Corpus- During the month of September there were not any arrest warrants that were served at court.

May – 2
June – 2
July – 8
August - 7

Cases that were referred to social worker and no response from Complainant/Victim: 0
Juvenile cases: 1
Active ongoing cases continued into following month: 72 cases not engaged with plus 32 ongoing into October
PSW referred case to another PSW and/or CBO in different town: 1 – Bridgeport, 1-Stratford

Incident Categories Addressed – Some cases involved multiple interventions across different incident categories, including collaboration with family members, service providers, community partners and other supports involved with the individual and/or family.

Welfare Checks / person in distress – 9

- The Police Social Worker provided support during welfare checks and distress calls and connected residents with appropriate services.
- Follow-up calls and check-ins were completed to encourage continued support and help reduce repeat 911 calls.
- Support included crisis education, emotional support, care planning, and referrals for mental health, substance use, domestic violence, youth, elder, disability, and other community services.
- The PSW coordinated with police, hospitals, schools, DCF, senior services, and community providers to help residents stay connected to care.
- The PSW also coordinated with Mobile Crisis on multiple occasions when police assistance was needed to support a safe response.

Domestic or family related disturbance (verbal/noncriminal)- 4

- The Police Social Worker provided follow-up support, education, counseling, and referrals to individuals and families experiencing ongoing conflict.
- Support included follow-up after repeat incidents, safety planning, community referrals, and couples counseling resources when appropriate.

- Following a serious domestic violence assault, the PSW coordinated closely with the DV advocate, detectives, patrol officers, and supervisors involved in the response. This was an unusually serious incident for the town and required significant coordination and follow-up.

Behavioral health crisis (non-medical)- 0

- The Police Social Worker provided psychoeducation, resource referrals, and information to residents, family members, and caregivers seeking support.

Juvenile or school-related matter – 1

- The Police Social Worker worked with families of juveniles experiencing mental health and substance use concerns, providing education about the behavioral health system, available resources, and options to support their next steps.

Housing instability / transient assistance – 0

Substance-related concern (support-oriented) – 1

- The Police Social Worker followed up with family members after a loved one experienced an overdose.
- The PSW provided naloxone to a family whose loved one experienced multiple overdoses during the month and provided education on recovery supports and how to access withdrawal management services.

Elder welfare or care concern – 1

- The Police Social Worker continued to support older adults and their families by providing guidance, resources, and referrals.
- The PSW collaborated with the Department of Social Services on cases that were referred and remain under investigation.
- The PSW continued to provide officers with education and guidance related to Alzheimer's disease and cognitive decline while also expanding her own knowledge in this area.
- The PSW worked with a concerned family regarding a loved one who may be vulnerable to exploitation, helping the family navigate available systems and supports to promote the individual's safety and care.

Other (i.e. missing person, harassment, assist etc.)- 3

- The Police Social Worker receives referrals from concerned family members and friends and follows up with residents to assess needs and offer support.
- Community members also contact the PSW for information about programs and resources. The PSW helps them understand available services and connects them with other programs when a different resource is more appropriate.
- The PSW coordinated with an officer to assist an individual with returning to New York City so she could reconnect with services and supports she had already begun accessing there.

Community assistance / service referral – overall

- The Police Social Worker supported both residents and officers by providing consultation on behavioral health-related calls, including trauma-informed engagement strategies, warning signs, safety concerns, referral options, and approaches for working with frequent utilizers.

- The role also included documentation and tracking of referrals, repeat contacts, service engagement, and care gaps to help inform response planning and improve coordination of services.
- The Police Social Worker is also researching additional data collection options to support more timely, accurate, and efficient tracking of services and outcomes.
- The Police Social Worker researched and gathered information for families and individuals regarding affordable housing, shelters for unhoused individuals.
- Assisted mobile crisis in tips they received. Supported by coordinating officers presence at the home visit.
- Submitted the monthly report to The Hub on the cabinet.

Client Statement's/Comments:

- The Police Social Worker received a handwritten note of appreciation from Stacy Murphy, Mental Health Supervisor. See attached.
- The PSW also received an email from Mobile Crisis recognizing the support provided by Patrol. See attached.

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Good morning Giovanna,

Thank you for your response yesterday evening. I wanted to loop back and update you that Mobile Crisis and Officers Johnson, Sota, and Eble responded to [redacted] for person of concern (POC) [redacted] this morning. She was successfully transported to Bridgeport Hospital under emergency certificate. I wanted to highlight the work of the three responding officers, particularly their approach with POC and their collaboration with Mobile Crisis throughout the response. They did an exceptional job navigating a difficult situation, and we really appreciated working alongside them. I hope you can pass along our appreciation and recognition of their work to their supervisors as well.

Best,

Kathleen,

This section of Sgt Coutinho's monthly report for the Commission details what we are looking for from them at the meeting:

"2500019427 - A comprehensive review of the school zones in the Town of Trumbull revealed that all public schools are compliant with the Manual on Uniform Traffic Control Devices (MUTCD)? An evaluation with the Office of the State Traffic Administration (OSTA), case number 144-2608-01, determined that Frenchtown Road is currently posted at 20mph but that it should be posted at 25mph? The Local Traffic Authority (LTA) would either have to submit to the OSTA a speed reduction application to keep Frenchtown Road posted at 20mph or request a work order from Town Highway to replace the signs with 25mph signs? It is the recommendation of the Traffic Division to replace the signs to make it a posted 25mph zone?'

If you need anything further, please let me know!
