RECOGNITION: Trumbull Police Department Achievement of Full State Accreditation Status from the Police Officer Standards Training Council, Post-C

The Chair noted this accreditation is a testament to Chief Lombardo's leadership, and the incredible officers that helped to achieve this recognition and extended her congratulations to all and thanked Chief Lombardo for his service.

Chief of Police Michael Lombardo explained this is something the Trumbull Police Department started 11 years ago. There are three different tiers to reach full accreditation. It's a lengthy process. There's a tremendous number of policies that must be structured to their department and state standards. Within those policies are multiple standards that they must reach to become accredited. The Chief noted the importance of the professional standards unit's role in creating and maintaining policies and the accreditation in maintaining high standards. Chief Lombardo thanked the Town Council for their support and emphasized the accreditation's significance in transparency, accountability, and continuous improvement.

First Selectman Vicki Tesoro and Chairman Gaudiano presented a certificate of achievement to Chief Lombardo and Assistant Chief Glenn Byrnes and thanked them for their leadership. This is quite an accomplishment and are very proud and lucky to have such a great police force

PUBLIC COMMENT: There was no one present from the public to speak.

P&Z & ZBA COMMISSION CERTIFICATION OF MANDATORY TRAINING:
The Chair noted she has received the certification of the mandatory training for both our chairman of Planning and Zoning and the Zoning Board of Appeals The certificates were made part of the record of this meeting. (Certificates attached)

NEW BUSINESS:

1. RESOLUTION TC31-27: Moved by Marsh, seconded by Mallozzi
   BE IT RESOLVED, That the First Selectman having recommended the appointment of Duane Pederson as a member of the Ethics Commission, Duane Pederson be and the same is hereby appointed as a member of the Ethics Commission for a term extending to the first Monday of December 2028. (2/3 Vote of the Council Required)

   COMMITTEE REPORT: The R&R Committee met on February 23, 2026, and voted 4-2 (AGAINST: Foreman, Scinto)

   - Attorney Schopick explained this is a five-member commission, three members are needed for a quorum. Currently there are three regular members and one alternate member sitting, but one of the regular members has indicated that he's ready to resign.
   - There are pending complaints one of which came in last year. There's another complaint that came in this year and must be dealt with. After the regular member leaves the commission, they will be down to three commissioners in total, two regular members one alternate.
   - It was confirmed that the chair of the Ethics Commission is JC Cinelli, former first selectman Morag Vance is on the on the commission, and Andy Lubin is a is an alternate, two republicans and one democrat. If they do not have a quorum the meetings can not proceed. They have arranged schedules to accommodate both the complainants and respondents. Last year's cases were all filed by one individual, respondents are all different people.

- The Chair noted it was her understanding that the republicans will not support this resolution.

Moved by Marsh, seconded by Mallozzi to RETURN to committee. VOTE: Motion CARRIED 19-2 (AGAINST: Wolf, Foreman)

2. RESOLUTION TC31-28: Moved by Massaro, seconded by Mallozzi
BE IT RESOLVED, That the First Selectman having recommended the appointment of Audrey Felsen as a member of the Ethics Commission, Audrey Felsen be and the same is hereby appointed as a member of the Ethics Commission for a term extending to the first Monday of December 2026. (2/3 Vote of the Council Required)

   COMMITTEE REPORT: The R&R Committee met on February 23, 2026, and voted by unanimous consent to pass without recommendation.

   - Audrey Felsen was present and indicated her party affiliation as democrat.
   - Has been a criminal defense attorney for 26 years and has practiced in the state and federal courts. In the District Court, she handled every kind of federal criminal case representing victims and complainants. She tries cases and has her own firm Koffsky & Felsen, with an office in Fairfield, Connecticut. Prior to that they were in Stamford for about 22 years.
   - Currently serves on several committees and just retired from one that took up much of her time.
   - She and her husband have raised four children in town. They are not quite empty masters, but it feels like they may be soon.
   - Has a lot of respect for the work of the council and is very familiar with these positions and would love to be a part of that. Her partner for probably eight or nine years, was on the ethics committee for the state of Connecticut with attorneys. She is very familiar with the code of ethics related to attorneys and deals with it all the time in her profession. Criminal defense attorneys, prosecutors, police officers and everybody else in the system work together to make sure it's a just system. They always collaborate. It doesn't appear that way sometimes, because they have different roles to play. She has sat on committees with so many of them. One is called the Continuity Committee in federal court, where there's a stakeholder from each aspect of the courthouse, they talk about the different issues that affect all of them in different ways, and all come to it from different perspectives. They talk about how to make sure that the judicial system is run ethically, and that it serves the interests of the community. She would be honored to be able to be in a role serving that function.
   - The committees Audrey Felsen serves on are:
     - The Continuity Committee, the Board of DRCT, (Disability Rights of Connecticut), she is the president of CT Star, a 501 C that supports support court. Support Court where she works with people who were formal former US attorneys, people who are criminal defense attorneys, people who work in other 501c's.

    - She recently resigned as the District Representative of the CJ Panel. The CJ Panel in Connecticut is a group of people who have a lot of experience practicing in federal court, and they agree to step in when the court requests it, (if there's a conflict with the federal Defender's office). They agree to represent people who are charged with offenses at a reduced rate, and we're on this panel to do that. I was a representative of that for probably 15 years, and is also on some other boards, but they did not come to mind.
- Audrey Felsen confirmed she is married to Councilman Marsh. Her sister-in-law is the BOF Chairman Lainie McHugh and she had appeared before Councilman Massaro's wife many times in Stamford.
- She has never run for office and has no aspiration to do so. She has represented many people who she has seen today, who she sees at Stop & Shop, at the bank, that could be your friends and neighbors and has never served in an appointed position in Trumbull before but had donated $5.00 to Sujata Wilcox's campaign.
- If she was a Trumbull Ethics commissioner and knew the person who had a complaint filed against them she would recuse herself and not ask any questions about it or be involved in it in any way. She confirmed if a client called her to represent them in an ethics complaint that would be an obvious conflict of interest and would not sit in that situation and did not foresee how a waiver would solve that problem. She confirmed the professional code of ethics that attorneys follow, follows them to any other thing that they do even outside the practice of law that would apply to the Ethics Commission as well.
- Councilman Marsh spoke in favor of this appointment and that his wife, Audrey Felsen has always conducted herself, both professionally and personally with the utmost integrity.
- Councilman Dorsey was not in favor of this appointment due to the possibility of having to recuse herself in the event she knew someone and jeopardizing the commission's schedule. The Chair noted that is an even more important reason to fill the seats.
- Councilman Isaac stated the current chair of the Ethics Commission also knows a lot of people and he has done a lot of good work for the town. This is a commission of townspeople, and this could be true for everybody which is why they need to fill the seats. Councilman Isaac spoke in favor of the appointee's qualifications.
- Councilman Dorsey was not on the council when the Ethics Commission Chair was before the council, his response was for this nomination.
- Attorney Schopick did not remember the council asking these questions of the current Ethics Committee chairman, and he hasn't witnessed a case where a member of the Ethics Commission felt necessary to recuse him or herself. But if the question came up, if there was an issue about recusal, the discussion would take place, and the person either would or would not. Realistically, if it's somebody that you see in the Stop & Shop occasionally or even every week, it doesn't necessarily mean that they would have to recuse themself in that situation. If it was a business relationship, a personal relationship, or as an attorney client relationship, that would be a different question and would deal with that as the question came up, but in his experience, it has not been an issue.

- It was confirmed a 2-2 tie is a "no recommendation" and does not pass, there is no appeal back to the council or the first selectman.
- Attorney Schopick clarified the commission hears complaints that are brought against employees or town office holders. That group, or population that's subject to the code of ethics is a relatively small group, but if you happen to be close to one of those people, then you would have to recuse yourself, as you would if you're sitting here on the council and you're voting on a settlement of a lawsuit, and you have an interest in that lawsuit.

VOTE: ADOPTED 14-7 (AGAINST: Walsh, Sather, Dorsey, Scinto, Buswell, Foreman, Wolf)

3. RESOLUTION TC31-29: Moved by Massaro, seconded by Satin
BE IT RESOLVED, That First Selectman Vicki A. Tesoro is hereby authorized to sign the Commitment to Fund for the Old Town Road at Quarry Road intersection improvement project as well all subsequent amendments, reports and related documents in order to administer and implement the project. (Full Resolution Attached)

   COMMITTEE REPORT: The L&A Committee met on February 23, 2026, and voted by unanimous consent.

   Bill Maurer confirmed there is $250,000 in the Capital Plan for this, and that the sidewalks do not go down through the park. They are discussing having a pullover for the bus.

   VOTE: ADOPTED unanimously.

   Moved by Colon, seconded by Satin to PASS as Emergency Legislation. VOTE: Motion CARRIED unanimously.

4. RESOLUTION TC31-30: Moved by Sather, seconded by Satin
BE IT RESOLVED, That the submission of the funding application for the Underage Nicotine Prevention Program (UNPP) – Community Mini Grants is hereby authorized, and BE IT FURTHER RESOLVED, That Vicki A. Tesoro, First Selectman, is hereby identified as the individual authorized to sign the application and all subsequent amendments, reports and related documents to administer and implement the project. (Full Resolution Attached)

   COMMITTEE REPORT: The L&A Committee met on February 23, 2026, and voted by unanimous consent. It was noted the there was a typo in the committee minutes, it should read as Melissa "McGarry" not McCarthy.

   Melissa McGarry explained this funds TPAUD to continue the work that they have always been doing. It allows then to expand some of their efforts into cessation resources, which is not typically something they have been tasked with doing, but that's part of some of the discussions they have been having with the BOE about integrating more

education and cessation resources into the disciplinary processes, and with the diversion team. When they catch kids who are who have been vaping and can offer them something as an alternative to punishment helps them get to the source of the issue. It's good that the Juul settlement funds are being used for that purpose. There are quit kits provided to TPAUD. They can do everything from gum, to thinking about behavior modification and what their triggers are. She will be trained; Stanford University Reach Lab has an online training program that you can run students through to help them think about what might be motivating their use and educating them about the long-term harms and risks. She will be offering their services to the schools to integrate into their restorative practices and discipline. It was confirmed this is about prevention in terms of nicotine.

They are not seeing cigarette use at the youth level. Studies have shown that kids who vape are more likely to smoke cigarettes later. They are more concerned about other nicotine products which this grant can be used for, such as nicotine pouches, Zins and other pouches that are more discreet, easier to use, equally powerful, equally addictive, targeting young men, especially athletes. They are concerned about those products that are on the ramp to nicotine use that might lead to tobacco cigarette smoking later. They are concerned about those kid friendly products that are easily available and highly addictive.

Councilman Colon extended her gratitude for the work TPAUD does.

VOTE: ADOPTED unanimously.

Moved by Sather, seconded by Colon to PASS as Emergency Legislation. VOTE: Motion CARRIED unanimously.

5. RESOLUTION TC31-31: Moved by Broderick, seconded by Mallozzi
BE IT RESOLVED, That the submission of the funding application for the Building Resilient Youth and Communities with Prevention "(BRYCWP)" program is hereby authorized, and BE IT FURTHER RESOLVED, That Vicki A. Tesoro, First Selectman is hereby identified as the individual authorized to sign the application and all subsequent amendments, reports and related documents to administer and implement the project. (Full Resolution Attached)

   COMMITTEE REPORT: The L&A Committee met on February 23, 2026, and voted by unanimous consent.

   Melissa McGarry explained when their federal grant ended in September of 2024, ARPA funds were generously allocated and have been covering the cost of payroll for staff. At that time, she committed to the council and the BOF that she would go out and search for other grant funding. This grant is a capacity building fund grant, it is designated to pay for a staff person, which expands capacity. They have never had a full-time person, usually you could split between two parttime staff people. This one specifically says you need to have a full-time person and a youth advocate, so it's a paid young person for eight hours a week to help support the work and reach their peers. It would really cement their

prevention capacity. Federal grants are difficult right now, and the funding is tenuous, so there aren't many opportunities for find federal funding. This is a great opportunity. They probably have a one in three chance of securing this funding but wants to pursue all the funding they can to continue their good work and be able to take any burden off the town. She has not worked the numbers specifically with HR and only has some skeletal numbers, but the lion's share of it is the salary and benefits for the full-time person. They are also required to spend 10% of the grant on evaluation services. This capacity grant ensures that we're putting the money in where we can have the most impact.

First Selectman Tesoro spoke in favor of this and noted there is no better grant writer than Melissa McGarry and there has been no better person running our prevention programs for the last 20 years. TPAUD has really changed the norms in this community, and that is attributable to all the work that Melissa has done and the coalition that they formed. First Selectman Tesoro thanked her for doing that. They previously did have a drug free community grant for 10 years in Trumbull. It was $125,000 a year for 10 years. They applied for the first one for five years, and then got another grant for another five years. It's a lot of money put to good use in this town, and believes it probably saved some people's lives.

VOTE: ADOPTED unanimously.

Moved by Satin, seconded by Colon to PASS as Emergency Legislation. VOTE: Motion CARRIED unanimously.

6. RESOLUTION TC31-32: Moved by Buswell, seconded by Mallozzi
BE IT RESOLVED, That the submission of the funding application for the Enhanced Mobility of Seniors and Individuals with Disabilities of the Federal Transit Administration, Section 5310 Program: Capital Expenses is hereby authorized, and BE IT FURTHER RESOLVED, That Vicki A. Tesoro, First Selectman, is hereby identified as the individual authorized to sign the application and all subsequent amendments, reports and related documents in order to administer and implement the project. (Full Resolution Attached)

   By unanimous consent the reading of the committee minutes was waived.

   COMMITTEE REPORT: The L&A Committee met on February 23, 2026, and voted by unanimous consent.

   Michelle Jacob, Director of Human Services explained this grant is to apply for and replace a current Senior Center vehicle. They have three currently in the fleet. Usually, these vehicles are replaced every five years. The one that they want to replace would be replaced every seven years instead of every five years and won't be applying to replace it until 2031 or 2032.

   The request is for a 14-passenger bus, and it is used to take seniors to and from the senior center, (doctor's appointments, grocery shopping), anything that they need to basically

live independently. The vehicle costs approximately $142,000. The town's match is 20% over 5 years. Once these vehicles run their course, this would in seven years or 150,000 miles, the town garage can either auction off the vehicle and make back the funds, or often it would be used by the police department.

VOTE: ADOPTED unanimously.

Moved by Mallozzi, seconded by Mecca to PASS as Emergency Legislation. VOTE: Motion CARRIED unanimously

7. RESOLUTION TC30-33: Moved by Spillane, seconded by Mallozzi
BE IT RESOLVED, That the submission of the funding application for the Enhanced Mobility of Seniors and Individuals with Disabilities of the Federal Transit Administration, Section 5310 Program: Operating Funds, is hereby authorized; and BE IT FURTHER RESOLVED, That Vicki A. Tesoro, First Selectman, is hereby identified as the individual authorized to sign the application and all subsequent amendments, reports and related documents in order to administer and implement the project. (Full Resolution Attached)

   By unanimous consent the reading of the committee minutes was waived.

   COMMITTEE REPORT: The L&A Committee met on February 23, 2026, and voted by unanimous consent.

   Michelle Jacob, Director of Human Services explained this is a grant they apply for every year. It is through the Department of Transportation. Basically because of the area we are in, and the lack of public transportation and ADA services, we're able to bill for a lot of the services they provide. The match is 50%. That match is met by taking seniors to and from the senior center, all other services transportation provided are billable to the state at an hourly rate which is currently $48.48 an hour. In this grant the rate might go up a bit. It basically covers a lot of the operating expenses.

   VOTE: ADOPTED unanimously

   Moved by Mallozzi, seconded by Satin to PASS as Emergency Legislation. VOTE: Motion CARRIED unanimously.

8. RESOLUTION TC30-34: Moved by El Eris, seconded by Satin
BE IT RESOLVED, That the submission of the funding application for the Caregiver Services Grant is hereby authorized, and BE IT FURTHER RESOLVED, That Vicki A. Tesoro, First Selectman, is hereby identified as the individual authorized to sign the application and all subsequent amendments, reports and related documents in order to administer and implement the project. (Full Resolution Attached)

   By unanimous consent the reading of the committee minutes was waived.

COMMITTEE REPORT: The L&A Committee met on February 23, 2026, and voted by unanimous consent.

Michelle Jacob, Director of Human Services explained they have applied for this grant every year since 2017 or 2018. It supplements the Social Services Department budget. The funding was cut last year, they used to get about $20,000 now we're looking at $7500. They are hoping to apply for just over $10,000 and that is to continue providing information and assistance, public education and outreach to caregivers in the community caring for an older adult.

VOTE: ADOPTED unanimously.

Moved by Dunn, seconded by Colon to PASS as Emergency Legislation. VOTE: Motion CARRIED unanimously.

Councilman Massaro noted items #7 and #8 read as "TC30" when they should read as "TC31"

ADJOURNMENT: There being no further business to discuss and upon motion made by Colon and seconded by Winschel the Trumbull Town Council adjourned by unanimous consent at 8:39 p.m.
