Greens Committee: Joe Imperio/Shelly Dowling

- See report attached

Questions were raised about ticks, and it was determined that spray could be applied around the exterior (perimeter). Costs to be determined. Joe Imperio also talked about the ponds & lake coattails which will also be taken care of in the fall.

Golfer Engagement: Mary Ellen Patzuk stated that she is working on our next newsletter.

Customer Service: Regina Evans is working on our next Food Drive collection for October.

The meeting concluded with congratulatory remarks to Bobby Brown & Dave Bove, along with Joe Imperio for their contributions to the highly successful Purple Passion Tournament run by the TKWGA group!

A motion was made to adjourn the meeting by Mary Ellen Patzuk at 8:17 p.m. and seconded by Tony Ciccaglione.

Greens and Grounds Report
July 20, 2026

- The course is in good health as we are in the most stressful part of the summer. We have had some extreme heat and high humidity stretches but the course has held up well. Mowing heights have been adjusted along with rolling frequency to limit the amount of stress on the turf.
- The greens will be vented again on July 27, weather depending. – Cancelled
- Main entrance on Tashua Road has been cleaned up. Juniper has been trimmed back, flower bed and boxwoods were planted.
- The areas that have recently been paved and curbed are already showing signs of improvement. Area between the forward tee and 18 fairway has 100% turf coverage. Other areas that will benefit from curbing: 1, 7, 11, 14 tee areas.
- Irrigation material list has been finalized and will be sent out to irrigation companies for pricing. I expect to receive their bids over the next few weeks.
- Irrigation system has had 3 significant breaks over the past few weeks. These areas have been valved off and moisture has been monitored by hand.
- Culvert on Madison Ave is clogged. I have reached out to the highway department, and they will be clearing out the pipe that runs under Madison Ave. The water level on the left pond on 14 has begun to encroach into the rough.
- Maintenance addition is scheduled to begin the first or second week of August and should be completed well before the winter, which will allow us to store almost all of our equipment inside. The 4 trees have been removed and the site is ready for work to begin. Our chemical storage shed will still need to be emptied and moved.
