

Prescription Discount Plan Available to All Trumbull Residents

First Selectman Vicki Tesoro would like to remind all Trumbull residents that the Town has elected to participate in the ProAct Prescription Drug Discount Card program as a member of the Connecticut Conference of Municipalities. This benefit is completely free of charge for Trumbull residents.

Since September 2018, members have enjoyed an average of 50% savings on their qualifying prescription drug costs. Discounts will vary depending on the drug, quantity needed, and pharmacy chosen. These discounts may also be available for medications prescribed to your pet under certain circumstances.

"I would like to see all Trumbull residents take advantage of this great program. There are many families that have high prescription costs that can be discounted simply by participating in this free program," stated First Selectman Vicki Tesoro.

This program is available to all residents of Trumbull regardless of age, income or existing health coverage. Residents are automatically enrolled, and no action is needed. There are no restrictions or limits on frequency of use of the discount card. More than 62,000 pharmacies nationwide accept the card, and there is a 98% pharmacy participation rate among participating municipalities. Additionally, discounts are available on vision, hearing, and LASIK services.

To use the ProAct Prescription Drug Discount Card Program you simply present your card to your local participating pharmacy. If you need a card please visit <http://proactrxsavings.com/connecticut-prescription-savings-program> and one will be issued to you. You may also contact Alison Geisler at CCM directly via phone at 203-498-3029. If your prescription is not covered by your personal health insurance plan, this card will provide a discount on the cost of the prescription.
