TRANSPORTATION SPECIFICATIONS

ADDENDUM #1

October 13, 2017

Pursuant to the terms of the Transportation Specifications issued by the Trumbull Public Schools with a proposal due date of October 25, 2017, this Addendum will clarify or modify certain identified aspects of the Specifications. This Addendum is made a part of the contract and is enforceable under the same terms and conditions as the original Specifications.

Whenever a page number, section or appendix is referred to in the following modifications/clarifications, the page, section or appendix refers to the Transportation Specifications as issued by the Trumbull Public Schools and as described above. In locations where paragraph numbers are identified, they are identified utilizing the paragraph symbol (§) and the paragraph number refers to the full paragraphs on the designated page (not carry-over paragraphs from the previous page).

As a result of a detailed review of the specifications, the following corrections are being issued:

- 1) The listing of projected route vehicles (does not include spares) for 2018-2019 shown on page 34 is corrected to read:

34 – Type I buses (81-84 passenger – transit)
26 – Type I buses (71/72 passenger – transit)
6 – Type II (35-54 passenger). 35 passenger are air conditioned.
6 – Type II (16-26 passenger – air conditioned)
3 – Type II (8 passenger + 2 wheelchair – air conditioned)
6 – 6-10 passenger STV - air conditioned

- 2) The price input forms contained on the flash drive are corrected to correspond to the configuration shown above. This will thus modify the sample price pages found on page 66 of the specifications.

- 3) The following firms had one or more representatives at the pre-Proposal meeting on October 10, 2017 (listed in the order of sign-in):

- Student Transportation of America
- Durham School Services
- Winkle Bus
- DATTCO
- Connecticut Transportation
- WE Transport
- Specialty Transportation
- Connecticut Transportation Solutions
- First Student
- Total Transportation
- ATU Local #1336

The items shown below are a result of questions that were raised at the pre-Proposal meeting, or questions submitted to the District subsequent to the meeting.

Q1. *The average age of the Type II vehicles in the spec states 4.5 years. This might require a contractor to replace the entire fleet in year 5 if a new fleet is acquired at the inception of the contract. Please clarify.*

A1. After consideration, the language in Section 8.7.2.1.b, page 34, is hereby changed to move the average age from 4.5 years to 5 years for Type II vehicles. An identical change is made to 2.2.2.f on page 13. Should the District entertain any contract renewal or extensions, the District reserves the right to modify the average age requirements during the extension periods.

Q2. *Page 35, Section 8.7.2.1.d. For the PA system, is this internal, external, or both?*

A2. Although internal and external would be fine, we require at least external.

Q3. *Would the District entertain a separate Sped only contract?*

A3. The District will not consider a separate Sped contract under these specifications. However, the District reserves the right to utilize other contractors for specialized services pursuant to separate contractual relationships.

Q4. *Section 8.7.2.1.i, page 36. "External" camera. Please define.*

A4. The camera configuration is one facing stairwell, one on driver, one facing rear, and one in rear facing front. This configuration is a minimum required by the District.

Q5. *The Dispatcher required in Section 8.9.1 on page 41, please clarify the requirements.*

A5. The Dispatcher can be the Regular Ed dispatcher, Sped dispatcher, or both. They begin the first working day after July 4th, and work for six weeks. The person is required for 6 hours per day as directed by the District. The specific hours are determined by the District with an understanding that the person may also have some responsibilities at the terminal during these 6 weeks.

Q6. *Please explain the Passenger Management Training program described on page 30, Section 8.7.1.6.*

A6. This is an all-day program with 4 hours of classroom training, and 4 hours of hands-on drills and practice sessions. Descriptive program information can be provided by the District, if requested.

Q7. *Can additional financial information be provided including invoices?*

A7. As a part of this Addendum, on the website we have provided 5 years of transportation cost expense broken down by internal accounting codes. We have also provided extensive copies of invoices.

Q8. *Can the charts on page 53 and 54 be provided in Excel format? Can similar information be provided for special needs transportation?*

A8. As part of this Addendum, on the website we have provided mileage charts, as requested. Please be advised that the miles are portal to portal but they do not include in-between tiers as this has not yet been calculated for the school year. *Estimated* miles between tiers would be:

Regular Education – AM routes – 31,000 miles

PM routes – 29,600 miles

Special Education - AM routes – 16,000 miles

PM routes – 14,000 miles

Q9. *Can detailed information be provided about late runs, mid-day runs, and early childhood?*

A9. As part of this Addendum, we have provided this information on the website.

Q10. *Can we tour the facility?*

A10. Yes. Please contact Dawn Perkins at the District to arrange a schedule for a tour.
