RB-25-430	Residential Building Permit	Estefany Villamarin Quito	1699 HUNTINGTON TPKE, TRUMBULL, CT 06611	7/15/2025	40000		This project involves the finishing of an existing unfinished basement to create additional playroom space in a single-family residential dwelling. The scope of work includes framing, insulation, electrical, HVAC, and drywall installation (sewer plumbing already available and present during initial home purchase). Electrical and plumbing permits will be requested seperately and in compliance with requirements.Â The finished basement will serve as a playroom, with open floor plan designed for recreational use.Â Additionally, the project includes the construction of a full bathroom, featuring a toilet, sink, and shower. Notably, sewer plumbing infrastructure was already present in the basement at the time of the home's original purchase, and will be utilized for the new bathroom installation. All plumbing and electrical connections will be completed by licensed professionals in accordance with current residential building and plumbing codes.Â
