

TOWN OF TRUMBULL
PLANNING AND ZONING
REQUEST FOR QUALIFICATION /PROPOSAL
CONSULTANT TO REVISE ZONING REGULATIONS

RFP: #6223 DUE: March 21, 2017 @ 2 pm

GENERAL INFORMATION

Addendum #1 to clarify some questions

Amended 3-14-2017

- 1) The RFP states that P&Z and staff have identified inconsistencies and section where more clarity is needed. Is there a summary or write up that can be made available?
 1. Answer= There is a running list of over 25 items that need to be addressed some easy changes more that require research and decision.

- 2 The RFP clearly identifies two scope separate items: a) the revision/reorganization and b) the complete rewrite. Would the Town be open to doing these together if it might lead to some cost efficiencies? Or are there overarching reasons the Town has for doing this in two separate steps?
 2. Answer= We are open to any process that you feel results in the best product. I would still give 2 options on what you are proposing and separate one form the other as how in-depth a process it will be.
