PARKING BID-RFP # 6356 DUE: July 30, 2019 at 2:00PM

Addendum #1 dated July 19-2019

This Addendum is to clarify any questions of the items in the bid proposal & a new Bid proposal

Question(s)

The permeable pavers preferred vendor has indicated that the lead time for one set of pavers is 4 weeks and the other is 6 weeks. Concerned that by the time the contract is awarded the start to finish time might not work. Can you advise?

Alt bid B- steel planters are custom order with a lead time of 8 weeks once shop drawings are approved. This would fall after job completion. Can you advise if there is an alternative?

Answer(s)

The contract work schedule outlined in the Bid Package was developed based upon grant funding requirements. The Town will entertain extending the contract length and completion schedule based upon lead time for selected and approved materials. Contractor should make every effort to have the majority of the project completed, short long lead items, by the specified completion date of October 15, 2019.

Questions:

The documents indicate 2 layers of geotextile fabric. This is not indicated on plans. Can you also supply the weight? Please advise if it is two layers

Answer(s)

There are two (2) layers of geotextile in the permeable paver section. There is an 8 oz/sy fabric between the subgrade and the aggregate subbase and a 4 oz/sy fabric between the aggregate subbase course and the leveling course.

New Proposal to be submitted with the bid

PROPOSAL

Proposal of _____ (hereinafter called "Proposer, Bidder"), organized and existing under the laws of the State of Connecticut, doing business as to the Engineering Department, Town of Trumbull, Connecticut (hereinafter called the "Owner").
