** Definition of Multifamily Residential Housing ("MFRH") connection unit fee as approved by the WPCA August 2025:

1. Any residential housing building with more than 4 housing units shall pay a connection fee of $7000 per unit. MFRH is defined as a single building or buildings which share a common wall floor, roof, ceiling or other portion of the structure.
2. The following buildings or developments are excepted from the $7000 connection fee and shall pay a fee of $3,500 per unit: Any age restricted residential housing as defined in the Trumbull Zoning Regulations; Any application to connect, which was previously approved prior to the effective date hereof or if previously approved, has lapsed for no more than 24 months and is then renewed for exactly the same building or development. The WPCA commission reserves the discretion to reduce the connection fee for MFRH buildings for nonprofit developments.
