TEMS-PACE is offering students the opportunity to enroll in our Emergency Medical Technician course. This course will cover the required State and National Curriculum, teaching students how to provide emergency medical care to the critically ill or injured.

The class is taught by experienced EMS instructors, using several teaching techniques including hands on demonstrations, practical scenarios, academic lectures, in addition to some online components. Computer access will be needed for this class.

Students must be 16 or older by graduation, with any student under 18 requiring parental consent.

Course application can be found online at:
