Stories From The Attic

The heroism of a soldier in the South Pacific; a portrait artist's fateful visit with a President; a section of floor tile and the evil that trod upon it.... And there is so much more history yet to be found. The search and discovery of these little known nuggets of history is what Greg Van Antwerp has turned into a series of presentations called "Stories From The Attic." With more than 75 live presentations given, Greg is embracing the challenges of the pandemic to continue providing fascinating walks down memory lane in Zoom teleconference presentations. "It's the next best thing to being there and I promise they will be fascinating and fun." says Greg.

On August 11 at 10:00 AM via Zoom, Greg Van Antwerp will be presenting some of his best discoveries and the stories behind them. "I'm looking forward to the interactive features that Zoom talks provide. Conversing with audience members is my favorite part of presenting. I learn as much from them as some have experienced first-hand the content I am sharing."
