

TOWN OF TRUMBULL

# Trumbull Mall Area Market Feasibility & Land Use Study Interactive Community Meeting

The Town of Trumbull has launched a Market Feasibility and Land Use Study for the Mall area that extends from the Merritt Parkway to the Bridgeport line, and from Madison Avenue to Main Street.

The goal of the study is to develop a shared vision for the area that will be a culmination of research, market information, stakeholder input, and best practices.

The study will explore redevelopment and investment opportunities for the area as well as infrastructure, regulations, branding and other issues that impact the success and vibrancy of the area.

**Learn more about the study:**
